From the President

To my Wildcat Family –

Safety and security on campus is one of my utmost concerns. So much so, that we have purposefully reorganized our Office of the President to include campus safety as a department reporting directly to this office. This strategic change has fostered greater communication, collaboration, and focus on what matters: our students, faculty and staff having a safe place to work, eat, live and interact. But campus safety personnel are not the only ones charged with the wellbeing of our campus. We all play a crucial role in being the eyes and ears in identifying and reporting any concerns. Together, we can make Fort Valley State University a model for excellence in campus safety.

This publication contains information about campus safety measures in place, as well as reports statistics about crime in our university community. Please take the time to read it, understand it, and then do your part to help improve our data. Collectively, we can and will create a caring and safe environment for all.

Dr. Paul Jones, President
From the Chief of Police/Public Safety

To the University Community –

On behalf of the members of the Fort Valley State University Campus Police Department, I want to thank you for your interest in our annual Fire Safety and Security Report. We publish this report because it contains valuable information for our campus community. We also publish the report to comply with the important provisions of the Clery Act. Campus safety and security and compliance with the Clery Act should be a part of everyone’s responsibility at Fort Valley State University. We encourage you to review the information we have made available to you in this brochure. You will find important information about security policies and procedures on our campus, crime data, and crime prevention information. We join President, Dr. Paul Jones in his commitment to foster a secure and supportive environment at Fort Valley State University. We are proud to be an integral part of Fort Valley State University’s tradition of excellence. Campus safety and security is a collaborative effort at Fort Valley State University. We partner with the many Departments at the University that have a critical role in fostering campus safety, including the Division of Student Success, Plant Operations, Environmental Health & Safety, and other University offices. It has always been our goal to provide the highest quality of public safety services to the University community and we are honored to collaborate with the entire Fort Valley State University community. The men and women of the Fort Valley State University Campus Police Department are committed to making Fort Valley State University campus a safe place in which to live, work, and study.

Ken Morgan, Chief of Police
Statements of Policy regarding Non-Discrimination, Complaints, Retaliation, Confidentiality and EEO

Statement of Policy:
Fort Valley State University is committed to maintaining a fair and respectful environment for work, study and living. Therefore, in accordance with federal law, state law, University System of Georgia policies and Fort Valley State University ("the University") policies, the University prohibits and will not tolerate discrimination against or harassment of any individual or group based upon race, color, religion, ethnic or national origin, gender, genetic information, age disability, sexual orientation, gender identity, gender expression, veteran’s status or any factor that is a prohibited consideration under applicable law.

Applicability:
Every member of the University Community is expected to adhere to this Policy as a matter of mutual respect and fundamental fairness. Every member of the University Community shall adhere to this Policy as a condition of remaining a part of and enjoying the privileges of being a member of the University Community. Members of the University Community include but are not limited to:

1. University, faculty, staff, administrators, employees and independent contractors;
2. University students;
3. Volunteers and participants in any University program or activity;
4. Guests and visitors to campus and to any property owned or leased by the University or owned or leased by any University affiliated organization or group; and
5. Such persons identified herein whether on or off University owned or leased property when such person is acting as a member of the University Community.

Complaints Against Students:
Students are bound by the provisions of this policy. However, complaints against students acting in their capacity as a student shall be subject to adjudication pursuant to the University’s Sexual Misconduct provisions of the Student Code of Conduct.
Article 1, Section 1. The University’s Policy on Harassment is contained in Section XV of the Code of Conduct. The Policy on Harassment defines harassment, explains how to report allegations of harassment and identifies the procedures that will be used to address allegations of sexual harassment so as to ensure compliance with federal laws, specifically, Title IX of the Education Amendments of 1972. A link to the University’s Code of Conduct and Compliance Office can be found on the University’s home page at [www.fvsu.edu](http://www.fvsu.edu).

**Policy Details:**

**Equal Opportunity Policy:**

It is the policy of Fort Valley State University to provide affirmative action and equal opportunity for all employees, students and applicants for employment or admission without regard to race, color, sex, sexual orientation, age, religion, national origin or disability or veteran status. Fort Valley State University does not discriminate against any employee or applicant for employment with regard to any opportunity for which the employee is qualified. For additional information or to file a complaint under the provisions of this policy, employees and applicants should contact the Equal Opportunity (EOO) Office, Huntington Hall, Suite 219. Every member of the Fort Valley State University community is expected to uphold this policy as a matter of mutual respect and fundamental fairness in human relations. All members of the faculty, staff, and student body are expected to ensure that nondiscriminatory practices are followed at the University.

Fort Valley State University is committed to a policy that ensures the fulfillment of equal opportunity without unlawful discrimination for all applicants for employment, employees, and students. This policy is administered without regard to race, creed, color, sex, national origin, religion, age, veteran status, or disability. The university complies with the requirements of Title VI and Title VII of the Civil Rights Act of 1964, as amended, the Age Discrimination in Employment Act of 1967, as amended, Executive Order 11246, as amended, the Vietnam Era Veteran’s Readjustment Act of 1974, as amended, Section 504 of the Rehabilitation Act of 1973, as amended, the Americans With Disabilities Act of 1990 (Title II), as amended, the Lilly Ledbetter Fair Pay Act of 2009 and the Georgia Fair Employment Act of 1978, as amended. In addition, FVSU has implemented an internal policy which prohibits discrimination on the basis of sexual orientation. Genetic Information Nondiscrimination Act of 2008, and their
implementing and supplemental regulations, save for any Eleventh Amendment legislative and/or judicial interpretations to the contrary.

Faculty, staff and students who feel that any of their rights under these regulations have been violated are entitled to request a review of the matter. Any complaints dealing with any type of discrimination should be addressed to the University’s Equal Opportunity Officer (EOO). The procedures for seeking redress under these regulations are as follows:

**COMPLAINT PROCESS**

1. If at all possible, the person should first make an attempt to consult and work with the individual involved to resolve the matter;

2. If the person cannot obtain satisfactory results from such a conference, s/he must file a complaint within 20 (twenty) working days in writing with the EOO. This timeframe can be extended or waived by the EOO for good cause shown.

3. In situations involving faculty or staff, the EOO will first engage the Director of Human Resources or his/her designee to investigate the complaint (if this has not already occurred) and issue a recommendation. In situations involving a student, the EOO will first engage the Vice President of Student Success or his/her designee to investigate the complaint (if this has not already occurred) and issue a recommendation or decision.

4. If the recommendation or decision is not satisfactory to one or more of the parties, s/he must notify the EOO in writing within five (5) working days. This timeframe can be extended or waived by the EOO for good cause shown.

5. The EOO will then render a decision on the matter within five (5) working days. The EOO will provide a rationale for the decision.

6. If either party is dissatisfied with the decision of the EOO, the party can request in writing, within five (5) business days of receiving the decision of the EOO, that the President of
Fort Valley State University review the matter. S/he will inform the parties in writing of his/her decision, and the decision will be final at the institution level. The decision will be in writing, typically within ten (10) days from the date of receipt of the appeal.

7. Either party may appeal the decision of the Fort Valley State University President to the Board of Regents Office of Legal Affairs. In accordance with University System of Georgia Board of Regents Policy 8.6, the appeal must be presented in writing to the Office of Legal Affairs within 20 calendar days after the decision of the president.

**FORT VALLEY STATE UNIVERSITY**
**TITLE IX Policy and Grievance Procedure**

Fort Valley State University is required to comply with Title IX of the Higher Education amendment of 1972. Title IX is a federal and civil rights law that prohibits discrimination on the basis of sex in federally funded education programs and activities. The mission of the FVSU Title IX office is to protect. As outlined in the Title IX Educational Amendments of 1972 to the 1964 Civil Rights Act, “No person in the United States shall, on the basis of sex
- Be excluded from participation in,
- Be denied the benefits of, or
- Be subjected to discrimination

under any education program or activity receiving Federal financial assistance.”

Fort Valley State University prohibits any type of gender equity discrimination or harassment. FVSU is committed to providing programs, activities and an educational environment free from sex discrimination. Treating someone unfavorably because of that person’s gender and sexual misconduct are forms of sex discrimination prohibited by Title IX.
FVSU does not condone and will not tolerate sexual discrimination which includes sexual misconduct, sexual harassment and sexual violence

- Respond promptly and effectively to allegations of any form of sex discrimination,
- Take immediate steps to eliminate the sexual discrimination, prevents its recurrence, and address its effects;
- Support all students with appropriate resources regardless of their status as complainant or accused.

**Sexual harassment** is unwelcome conduct of a sexual nature. Conduct is unwelcome if the person did not request or invite it and “regarded the conduct as undesirable and offensive.” The Office of Civil Rights, which enforces Title IX, makes a “strong presumption that sexual conduct between a school employee and a student is not consensual. Sexual harassment includes sexual advances, physical or implied, or direct propositions of a sexual nature inappropriate/unnecessary touching or rubbing against another, sexually suggestive or degrading jokes or comments, sexual nature about one’s clothing and/or body, preferential treatment in exchange for sexual activity, and the inappropriate display of sexually explicit pictures, text, printed materials, or objects that do not serve an academic purpose.

**Sexual harassment is also sexual violence which includes dating violence, domestic violence, violence against women and sexual misconduct as defined in the Fort Valley State University Student Code of Conduct, the laws of the State of Georgia and federal law.**

Sexual harassment can also include unwelcome sexual advances, requests for sexual favors, and other behaviors of a sexual nature when:

a) submission to such conduct is made explicitly or implicitly a term or condition of an individual's employment or academic standing; or

b) submission to or rejection of such conduct by an individual is used as a basis for employment or academic decisions affecting an individual; or

c) such conduct unreasonably interferes with an individual's work or academic performance or creates an intimidating, hostile or offensive working or academic environment.
Community: Students, faculty and staff, as well as contractors, vendors, visitors and guests.

Complainant: An individual lodging a complaint. The complainant may not always be the alleged victim.

Consent: Words or actions that show a knowing and voluntary willingness to engage in mutually agreed-upon sexual activity. Consent cannot be gained by force, intimidation or coercion, by ignoring or acting in spite of objections of another, or by taking advantage of the incapacitation of another, where the respondent knows or reasonably should have known of such incapacitation. Consent is also absent when the activity in question exceeds the scope of consent previously given. Past consent does not imply present or future consent. Silence or an absence of resistance does not imply consent. Minors under the age of 16 cannot legally consent under Georgia law.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim.

Domestic Violence: Violence committed by a current or former spouse or intimate partner of the alleged victim, by a person with whom the alleged victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the alleged victim under the domestic or family violence laws of the jurisdiction, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction.

Sexual Assault: An umbrella term referring to a range of nonconsensual sexual contact, which can occur in many forms, including but not limited to rape and sexual battery.

Sexual Exploitation: “Sexual Exploitation” occurs when an individual takes non-consensual or abusive sexual advantage of another for his or her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute any of the other sexual misconduct offenses. Examples of sexual exploitation include, but are not limited to, the following:

1. Invasion of sexual privacy;
2. Prostituting another individual;
3. Non-consensual video or audio-taping of sexual activity;
4. Non-consensual distribution of video or audio of sexual activity, even if the sexual activity or video or audio taken of sexual activity was consensual;
5. Intentional observation of unsuspecting individuals who are partially undressed, naked, or engaged in sexual acts;
6. Knowingly transmitting an STD or HIV to another individual;
7. Intentionally and inappropriately exposing one’s breasts, buttocks, groin, or genitals in non-consensual circumstances; and/or
8. Sexually based stalking and/or bullying.

**Sexual Harassment:** “Sexual Harassment” also includes unwelcomed verbal, nonverbal, or physical conduct, based on sex or gender stereotypes, that is: implicitly or explicitly a term or condition of employment, or status in a course, program or activity; or is a basis for employment/educational decisions; or has the purpose or effect of interfering with one’s work or educational performance, creating an intimidating, hostile, or offensive work or learning environment, or interfering with or limiting one’s ability to participate in or benefit from an institutional program or activity.

**Stalking:** “Stalking” means engaging in a course of conduct directed toward another person that would cause a reasonable person to fear for his or her safety or the safety of immediate family members or close acquaintances, or suffer substantial emotional distress.

**Respondent:** Individual who is accused to have engaged in conduct that violates this Policy.

**Responsible Employees:** “Responsible Employees” are those who must fully report complaints of or information regarding sexual misconduct to the Title IX Coordinator. “Responsible Employees” include any administrator, supervisor, faculty member, or other person in a position of authority who is not a confidential resource. Student employees who serve in a supervisory, advisory, or managerial role are in a position of authority for purposes of this Policy (e.g., teaching assistants, residential assistants, student managers, orientation leaders, etc.).

**Privileged Employees:** “Privileged Employees” are those resources to whom an alleged victim may talk to in confidence, except as provided by law. Disclosure to these employees will not automatically trigger an investigation against the alleged victim’s wishes. “Privileged Employees” include those providing counseling, advocacy, health, mental health, or sexual-assault related services (e.g., sexual assault resource centers, campus health centers, pastoral counselors, and campus mental health centers). Exceptions to confidentiality exist where the conduct involves suspected abuse of a minor. Further, “Privileged employees” will still submit anonymous statistical information for Clery Act purposes.

**Independency and Objectivity**
The Title IX office for Fort Valley State University reports directly to the President. Accordingly, the Lead Title IX Coordinator, who is the Chief Compliance Officer, is assigned to the Office of the President. The President may request advisory services on projects at his/her discretion. The requests are reviewed and priorities are set and completed based on level of urgency. Additionally, both the Chief Human Resources Officer and the Athletics Compliance Officer serve as deputy Title IX Coordinators and act on behalf of the Title IX Coordinator in his/her absence.
FVSU Lead Title IX Coordinator:  Denise W. Eady  
Chief Compliance Officer  
220 Huntington Hall  
478-825-6333  
eadyd@fvsu.edu

Reporting
Any administrator, supervisor, faculty member or other person in a position  
of authority that is not a confidential resource who has knowledge of or receives a complaint of  
discrimination or harassment must fully report the information or complaint to the Office of  
Compliance. This obligation to report also applies to student employees who serve in a  
supervisor role including teaching assistants, residence assistants and orientation leaders. No  
employee should assume that an official of the University knows about a particular  
discriminatory or harassment situation.

Additionally, all students, including online students, may report concerns via the following  
online FVSU Student Complaint and Conduct process:

1.  Go to www.fvsu.edu  
2.  Click on Current Student; stroll down and click on Dean of Students  
3.  Stroll down and click Student Complaints and Conduct  
4.  Stroll down and click on FVSU Student Complaint and Conduct Form

Confidentiality
Fort Valley State University strongly supports an individual’s interest in confidentiality,  
especially in matters involving sexual misconduct/violence. If an alleged victim request that  
their identity is withheld or that an alleged incident not be investigated, the University will seek  
to honor such request through the Title IX Coordinator. However the University will explain  
that honoring such request may limit the University’s ability to fully respond to the alleged  
incident and to discipline the alleged violator. If the alleged victim persists with the request for  
confidentiality, the University will consider whether the request can be honored while still  
providing a safe and nondiscriminatory university environment. The University will inform the  
alleged victim of the University’s decision regarding their request for confidentiality.

The University will comply with all state and federal laws regarding confidentiality regardless of  
whether an alleged victim requests confidentiality.

False Accusation
Individuals are prohibited from intentionally giving false statements to an institution office. Any person found to have intentionally submitted false complaints, accusations, or statements, including during a hearing, in violation of this policy shall be subject to disciplinary action pursuant to the Student Code of Conduct or other appropriate University policy. However, failure to find sufficient proof to show that an incident of discrimination or harassment occurred does not constitute proof that the accusation was false or made in bad faith.

**Retaliation**

Anyone who, in good faith, reports what she or he believes to be misconduct under this Policy, or who participates or cooperates in, or is otherwise associated with any investigation, shall not be subjected to retaliation. Anyone who believes he or she has been the target of retaliation for reporting, participating or cooperating in, or otherwise being associated with an investigation should immediately contact the Equal Opportunity Office for the institution. Any person found to have engaged in retaliation in violation of this Policy shall be subject to disciplinary action.

**Amnesty**

Individuals should be encouraged to come forward and to report sexual misconduct notwithstanding their choice to consume alcohol or to use drugs. Information reported by an individual during an investigation concerning use of drugs or alcohol will not be used against the particular individual in a disciplinary proceeding or voluntarily reported to law enforcement. However, individuals may be provided with resources on drug and alcohol counseling and/or education, as appropriate.

**Complaints Against Students**

Students are bound by the provisions of this policy. However, complaints against students acting in their capacity as a student shall be subject to adjudication pursuant to the University’s Sexual Misconduct provisions of the Student Code of Conduct, Article 1, Section 1. The University’s Policy on Harassment is contained in Section XV of the Code of Conduct. The Policy on Harassment defines harassment, explains how to report allegations of harassment and identifies the procedures that will be used to address allegations of sexual harassment so as to ensure compliance with federal laws, specifically, Title IX of the Education Amendments of 1972. A link to the University’s Code of Conduct and Compliance Office can be found on the University’s home page at [www.fvsu.edu](http://www.fvsu.edu).

**Online Reporting Requirements**

Sexual harassment can, and frequently does, occur in online environments. The Office of Civil Rights is authorized to enforce Title IX compliance and has identified harassing conduct as including the following:

- Graphic and written statements, which may include use of cell phones or the internet;
- Making sexual comments or jokes;
- Stalking;
- Distributing sexually explicit drawings, pictures, videos or written materials;
• Calling students sexually charged names;
• Rating students on sexual activity or performance; and/or
• Circulating, showing, or creating emails or web sites of a sexual nature.

Note that each of these activities can be carried out in purely online environments and apply to both instructor-student and student-student interactions. Most do not require intent to harm or harass.

FVSU does not condone and will not tolerate sexual misconduct or sexually exploitative or harassing behavior of any kind. FVSU is committed to providing programs, activities and an educational environment free from sex discrimination, to include all of its online educational programs. If you are experiencing harassment in an online program please contact one of the following individuals:

<table>

</tr>
</tbody>
</table>

Additionally, all students, including online students, may report concerns via the following FVSU Student Complaint and Conduct process:

1.) Go to [www.fvsu.edu](http://www.fvsu.edu)
2.) Click on Current Student; stroll down and click on Dean of Students
3.) Stroll down and click Student Complaints and Conduct
4.) Stroll down and click on FVSU Student Complaint and Conduct Form

**Reporting Procedures for Sexual Misconduct by Faculty and Staff**

If you or someone you know may be the victim of sexual misconduct by a member of FVSU’s faculty or staff, you may also report such conduct to the University’s Chief Compliance Officer. However, complaints will be processed in accordance with the procedures outlined in the FVSU Sexual Harassment Policy located in the FVSU Employee and/or Faculty Handbooks.

**Third Party Reporting Procedures**
In accordance with directions from the Office of Civil Rights, before beginning the investigation of a complaint from a third party, the investigating officer must receive permission from the alleged victim prior to pursuing an investigation, as per the Office of Civil Rights. The investigating officer shall proceed with the investigation after the alleged victim grants permission.

**Interim Protective Measures**

The Title IX Coordinator or his or her designee may impose interim protective measures before the final outcome of an investigation and until final resolution of the allegations if failure to take the interim measures would constitute an immediate threat to the safety and well-being of the complainant or other members of the institution, or to ensure equal access to the institution’s education programs and activities. Before any such measures are instituted, however, the Title IX Coordinator shall provide the respondent with an initial opportunity to respond to the allegations and to the imposition of any interim protective measures specifically.

Imposing interim protective measures does not indicate that a violation of this Policy has occurred, and is designed to protect the complainant and community, and not to harm the respondent. To the extent interim measures are imposed, they should minimize the burden on both the complainant and the respondent, where feasible. Interim measures may include, but are not limited to:

1.) Change of housing assignment;
2.) Issuance of a “no contact” directive;
3.) Restrictions or bars to entering certain institution property;
4.) Changes to academic or employment arrangements, schedules, or supervision;
5.) Interim suspension; and
6.) Other measures designed to promote the safety and well-being of the parties.

**Interim Suspension**

An interim suspension should only occur where necessary to maintain safety, and should be limited to those situations where the respondent poses a serious and immediate danger or threat to person or property. In making such an assessment, the institution should consider the existence of a significant risk to the health or safety of the alleged victim or the campus community, the nature, duration, and severity of the risk, the probability of potential injury, and whether less restrictive means can be used to significantly mitigate the risk.

Before an interim suspension is issued, the institution must make all reasonable efforts to give the respondent the opportunity to be heard on whether his or her present on campus poses a danger. If an interim suspension is issued, the terms of the suspension take effect immediately. When requested by the respondent, a hearing to determine whether the intermediate suspension should continue will be held within three (3) business days of the request.

**Available Resources for Students**

If you are a victim or witnessed sexual discrimination or harassment, you should contact an FVSU official to make a good faith report, as soon as possible. The following is a list of FVSU personnel who may be contacted:

**Consensual Relationships in Regard to Sexual Harassment:**
When one party has a professional relationship toward the other, or stands in a position of authority over the other, even an apparently consensual sexual relationship may lead to sexual harassment or other breaches of professional obligations. Fort Valley State University prohibits all faculty and staff, including graduate assistants, from pursuing or engaging in dating or sexual relationships with any student whom they currently supervise, teach or evaluate in any way.

Employees are prohibited from having a dating or sexual relationship with an employee that they supervise, evaluates or in any other way may directly affects the terms and conditions of the other employee’s employment. This provision applies to both student and non-student employees. Any employee who supervises, evaluates or in any other way directly affects the terms and conditions of another employee must immediately disclose the existence of a dating or sexual relationship to his/her supervisor.

Individuals who violate this provision are subject to disciplinary action up to and including termination.

**FVSU Investigation and Grievance of Sexual Misconduct Reports**

Fort Valley State University will take the necessary and appropriate action to protect the safety and well-being of its community. A Title IX grievance is one which asserts that some policy or practice of an education agency or institution is not in compliance with the Title IX regulation requirements for nondiscrimination on the basis of sex. It may take a variety of forms:

- It may involve a simple violation of the regulation, in which a policy or practice is, through lack of awareness, error, or omission, in clear noncompliance with the regulation.
- It may involve a disagreement over the meaning or interpretation of the Title IX regulation, and assert that a policy or practice which an agency or institution assumes to be nondiscriminatory is, in fact, not in compliance with regulatory requirements.
- It may involve a dispute over facts, in which the disagreement concerns not the discriminatory nature of a particular practice or act, but whether such a discriminatory practice or act took place.

Title IX grievances may involve almost any issue relating to sex discrimination in the treatment of students or employees in education programs or activities. They may relate to the actions of a particular individual, to the practices or policies of a particular school or unit within an education agency or institution, or to the practices or policies of the agency or institution as a whole. Title
IX grievances may assert sex discrimination against a single individual, or against a group or class of individuals. The grievance procedure developed under Title IX must be one which can effectively accommodate such a range of possible grievances.

**Timeframe**

It is generally expected that the process will be resolved within sixty (60) calendar days of the initial complaint, though a longer period of time may be needed in some cases. The Title IX Coordinator will notify the respondent and the alleged victim, in writing, of any extension of this timeframe.

**Alleged Title IX Violation Procedures**

- Grievant initiate’s pre-grievance meeting with appropriate staff member or administrator.
- Grievant consults with Title IX coordinator.
- Filing of formal grievance with Title IX coordinator or designed grievance representative.
- Notification of respondent(s) by Title IX coordinator; request for grievance answer.
- Written answer to grievance by respondent to Title IX coordinator, a copy of same to be provided to grievant. If no written answer is provided, the Title IX coordinator will proceed based upon the information and evidence presented and available
- Title IX Coordinator renders a written decision and proposed sanctions (if applicable), with a copy of same provided to both the grievant and respondent.
- If either party disagrees with the decision of the Title IX coordinator, the party can request, within 5 business days of receipt of the decision, a hearing before the Judicial Committee.
- The hearing process, and subsequent appellate rights, will proceed as articulated in the Student Code of Conduct Handbook, with the exception that no student shall be appointed as a member of the hearing board/panel for a Title IX case.

**Administrative Hearing**

Fort Valley State University will provide a hearing conducted by the Title IX Coordinator and/or his/her designee(s). The Panel must be composed of at least three (3) members. The investigator shall not serve on the Panel. No student shall serve on the Panel. Both the alleged victim and respondent shall have the opportunity to present witnesses and evidence to the Panel. Both parties shall have the right to confront any witnesses, including the other party, by submitting written questions to the Title IX Coordinator and/or his or her designee for consideration. The Title IX Coordinator reserves the right to allow a party to testify in a separate room. Where such a determination is made, special measures must be put in place to ensure no party is unfairly disadvantaged by this procedure.
The standard of review shall be a preponderance of the evidence; however, any decision to suspend or expel a student must also be supported by substantial evidence in the hearing. The civil rules of evidence do not apply to the investigatory or resolution process.

The FVSU Student Code of Conduct can be located at the following link:
http://www.fvsu.edu/home/current-students/student-code-of-conduct/

**Possible Sanctions**

The severity of sanctions or corrective actions will depend on the severity, frequency and/or nature of the offense, history of past discriminatory, harassing, or retaliatory conduct, the offender’s willingness to accept responsibility, previous institutional response to similar conduct, and the institution’s interests. The Title IX Coordinator will determine the sanction after review of the investigatory findings.

The broad range of sanctions includes but is not limited to: expulsion; suspension for an identified time frame or until satisfaction of certain conditions, or both; temporary or permanent separation of the parties (e.g., change in classes, reassignment of residence, no contact orders, limiting geography of where parties can go on campus) with additional sanctions for violating orders; required participation in sexual or relationship sensitivity training/awareness education programs; required participation in alcohol and other drug awareness and abuse prevention programs; counseling or mentoring; volunteering/community service; loss of institutional privileges; delays in obtaining administrative services and benefits from the institution (e.g., holding transcripts, delaying registration, graduation, diplomas); additional academic requirements relating to scholarly work or research on sexual misconduct; financial restitution; or any other discretionary sanctions directly related to the violation or conduct.

**Appeals**

Parties shall have the right to appeal the outcome on any of the following grounds: (1) to consider new information not available at the time of the initial resolution/hearing, sufficient to alter the decision, or other relevant facts not brought out in the original hearing; (2) to allege a procedural error within the investigation or hearing process that may have substantially impacted the fairness of the hearing, including whether any hearing questions were improperly excluded; or (3) to allege that the finding was inconsistent with the weight of the information.

The appeal must be made in writing, and must set forth one or more of the three bases outlined above, and must be submitted within five (5) business days.

Where the respondent or complainant appealing the outcome is a student, the appeal should be made to the Vice President of Student Affairs. The appeal shall be a review of the record only,
and no new meeting with the respondent or victim will be held. The applicable Vice President may affirm the original finding and sanction, affirm the original finding but issue a new sanction of greater or lesser severity, remand the case back to the Title IX Coordinator to correct a procedural or factual defect, or dismiss the case if there was a procedural or factual defect that cannot be remedied by remand or if there is insufficient evidence to support the finding. The Vice President shall then issue a decision in writing to both the respondent and complainant simultaneously.

The decision of the VP may be appealed in writing within five (5) business days (as determined by the date of the decision letter) to the President of the institution solely on the three grounds set forth above.

The President may affirm the original finding and sanction, affirm the original finding but issue a new sanction of greater or lesser severity, remand the case back to the Title IX Coordinator to correct a procedural or factual defect, or dismiss the case if there was a procedural or factual defect that cannot be remedied by remand. The President’s decision shall be issued in writing to both the respondent and complainant. The President’s decision shall be the final decision of the institution.

Should the respondent or complainant wish to appeal the President’s decision, he or she may appeal to the Board of Regents in accordance with the Board of Regents Policy 8.6.

**Recusal**

Any party may challenge the participation of any institution official or employee in the process on the grounds of personal bias by submitting a written statement to the institution’s designee setting forth the basis for the challenge. The written challenge should be submitted within a reasonable time of discovering the identity of the institution official or employee whose involvement the alleged offender and/or complainant wishes to challenge. The institution’s designee will determine whether to sustain or deny the challenge, and if sustained, the replacement to be appointed.

**Non- Retaliation/Non-Retribution**

**Background & Purpose:**

Fort Valley State University has implemented a compliance program that promotes the highest standard of ethical and legal conduct. Standards of conduct and procedures for faculty members, and staff and students are implemented to guide this effort.
Fort Valley State University believes that positive employee relations and morale can be best achieved and maintained in a working environment that promotes ongoing open communication between supervisors and their employees. Open and candid discussions of employee problems and concerns are encouraged.

Fort Valley State University believes employees and students should be able to express their problems, concerns, and opinions on any issue and feel that their views are important. To that end, a policy that will encourage employees to communicate problems, concerns, and opinions without fear of retaliation or retribution will be implemented.

The Policy

1. All employees and/or students are responsible for promptly reporting actual or potential wrongdoing, including actual or potential violation of law, regulation, policy, or procedure.

2. The Office Institutional Compliance will maintain an “open door policy” to allow individuals to report problems and concerns.

3. The Office of Institutional Compliance will act upon the concern promptly and in the appropriate manner.

4. The Compliance and Ethics Hotline is designed to permit individuals to call, anonymously or in confidence, to report unethical conduct, fraud, waste, abuse or personnel problems and concerns.

5. Employees and/or students who report concerns in good faith will not be subjected to retaliation, retribution, or harassment.

6. No employee or student is permitted to engage in retaliation, retribution, or any form of harassment against another employee and/or student for reporting
compliance-related concerns. Any retribution, retaliation, or harassment will be met with disciplinary action.

7. Employees and students cannot exempt themselves from the consequences of wrongdoing by self-reporting, although self-reporting may be taken into account in determining the appropriate course of action.

**Compliance and Ethics Procedures**

1. Knowledge of actual or potential wrongdoing, misconduct, or violations of the Compliance plan must be reported immediately to management, the Office of Institutional Compliance, or the Compliance Hotline.

2. All managers must maintain an open-door policy and take aggressive measures to assure their staff and students that the system truly encourages their reporting of problems and that there will be no retaliation, retribution, or harassment for doing so.

3. Departmental administrators must provide a copy of this policy to all employees.

4. A copy of the policy must be posted in every department/division.

5. If employees and/or students have concerns, they should be addressed in the following order:
   a. Immediate Supervisor
   b. Department Manager
   c. Department Head/Director

6. If an employee and/or student feels uncomfortable with the above, the employee and/or student should report concerns directly to the hotline Office of Internal Audit and Institutional Compliance (877-516-3430).

7. All concerns will be investigated within 30 days.

8. Confidentiality regarding employee and/or student concerns and problems will be maintained at all times insofar as legally and practically possible, only those personnel who have a need to know will have access to personal information.

**ANNUAL SECURITY REPORT**
REPORTING CRIMES AND OTHER EMERGENCIES

The University has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate University officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire University community that you immediately report all incidents to Fort Valley State University Campus Police (478-825-6211) to ensure an effective investigation and appropriate follow-up actions, including issuing a Crime Alert or emergency notification.

Voluntary, Confidential Reporting

If crimes are never reported, little can be done to help other members of the community from also being victims. We encourage University community members to report crimes promptly and to participate in and support crime prevention efforts. The University community will be much safer when all community members participate in safety and security initiatives.

If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within the University or criminal justice system, we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able to file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the University to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, the Department may not be able to assure confidentiality and will inform you in those cases.
Anyone may call the University Campus Police at 478-825-6211 to report concerning information. Callers may remain anonymous.

**Reporting to University Campus Police**

We encourage all members of the University community to report all crimes and other emergencies to University Campus Police in a timely manner. University Campus Police have a dispatch center that is available by phone at 478-825-6211 or in person twenty-four hours a day at the lower level of the Bywaters Building (Located next to Hunt Library). Though there are many resources available, Fort Valley State University Campus Police should be notified of any crime, whether or not an investigation continues, to assure the University can assess any and all security concerns and inform the community if there is a significant threat to the University community.

**Emergency Phones**

The University has installed more than 22 emergency call posts throughout the University campus. Emergency call posts are located in public areas of buildings including parking lots, elevators, residence hall complexes, administration buildings, and also numerous outdoor locations. Emergency call posts provide direct voice communications to the University Campus Police Dispatch Center.

**Anonymous Reporting**

If you are interested in reporting a crime anonymously, you can utilize the University Police’s Anonymous phone tip line at 478 825-6211. By policy, we do not attempt to trace the origin of the person who makes the call, unless such is deemed necessary for public safety. Persons may also report crimes through the Crime Stoppers toll free phone line at 1-800-222-8477 or via the web site. You can also submit tips through local Crime Stoppers at 478 742-2330.
Reporting to Other Campus Security Authorities

While the University prefers that community members promptly report all crimes and other emergencies directly to the University Campus Police at 478-825-6211 or 911, we also recognize that some may prefer to report to other individuals or University offices. The Clery Act recognizes certain University officials and offices as “Campus Security Authorities (CSA).” The Act defines these individuals as “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

While the University has identified several hundred CSAs, we officially designate the following offices as places where campus community members should report crimes:

<table>
<thead>

**Pastoral and Professional Counselors**

According to the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by Fort Valley State University to serve in a counseling role are not considered Campus Security Authorities when they are acting in the counseling role. As a matter of policy, the University encourages pastoral and professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

**It’s Up to Each of Us**

The University takes great pride in the community and offers students, faculty and staff many advantages. This community is a great place to live, learn, work and study, however, this does not mean that the campus community is immune from all of the other unfortunate circumstances that arise in other communities. With that in mind, Fort Valley State University has taken progressive measures to create and maintain a reasonably safety environment on campus.
Though the University is progressive with its policies, programs, and education, it is up to each one of us to live with a sense of awareness and use reasonable judgment when living, working or visiting on campus.

**PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS**

The Fort Valley State University Campus Police in collaboration with other University officials, prepare this report to comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act using information maintained by the University Campus Police, information provided by other University offices such as Student Success, Residence Life, and other Campus Security Authorities and information provided by local law enforcement agencies surrounding the main campus. Each of these offices provide updated policy information and crime data.

This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned, leased or controlled by Fort Valley State University. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol and other drugs.

The University distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the University community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the University Campus Police at 478-825-6211 or by visiting [http://www.fvsu.edu/campus-safety/](http://www.fvsu.edu/campus-safety/)

**ABOUT THE DEPARTMENT OF CAMPUS POLICE & PUBLIC SAFETY**

Role, Authority, and Training

The Fort Valley State University Campus Police Department protects and serves the University community 24 hours a day, 365 days a year. The Department is responsible for a number of campus safety and security programs including Emergency
Management, Community Safety and Security Education, physical security, including security technology, behavioral threat assessment (In Collaboration with the Office of Student Life), and special event management (In Collaboration with the Office of Events Management).

The Department is comprised of:

- 16 Certified Police Officers
- 16 Security Officers (non certified)
- 4 Certified Dispatchers

The police officers at Fort Valley State University Campus:

- Have a bachelor’s degree or (HS diploma and in-service hours equivalent to POST requirements):
- Complete a training course required of all local and state officers in Georgia
- Receive twenty to forty hours per year of in-service training, specialize in crime prevention, evidence technology, emergency first aid, CPR/AED, weapons and tactics;
- Fort Valley State University Campus Police officers are commissioned under Peace Officers Standard Training (POST) in Georgia and have the same authority as municipal police officers in the State of Georgia, being authorized to carry firearms and empowered to make arrests. Each certified police officer has attended a law enforcement officer’s training course of a minimum of 408 hours to become certified with powers of arrest to handle the reporting, investigation and assist with the prosecution of any crime. All criminal incidents are investigated by the University Campus Police on Fort Valley State University campus. All crimes that occur on campus or University property shall be reported to University Campus Police.

Fort Valley State University Police Officers are authorized under Georgia Official Code 20-3-72 to make arrests on, and within 500 yards of any property owned, controlled by the Board of Regents within the State of Georgia.

Fort Valley State University Campus Police and Safety Mission Statement: “To ensure that the quality of campus life is enhanced by working collectively, cooperatively and effectively with the members of the university and within the
framework of the U.S. Constitution. Also, our mission is to enforce the laws, preserve the peace, reduce fear and intimidation. We also strive to provide a safe environment for all affiliates of the university. The Department of Campus Police and Safety will abide by the rules designed and approved by the Board of Regents, who accredit state schools and universities. We will also adhere to the fundamental principle of a tradition of excellent police service and will remain in a manner that preserves and advance the democratic values of protecting the rights of all members of the university as guaranteed by the U.S. Constitution.”

Working Relationship with Local, State, and Federal Law Enforcement Agencies

The University Campus Police maintains a cooperative relationship with the Georgia Bureau of Investigation, Peach County Sheriff’s Office, Fort Valley City Police, and surrounding law enforcement agencies. This includes special events coordination, and investigation of serious incidents.

Fort Valley State University Campus Police participates in an Inter-municipal Mutual Aid Agreement that authorizes police officers and supervisors of the participating agencies to request mutual aid for incidents based upon a reasonable belief that such aid will enhance the public’s and/or officer safety and efficiency. The agencies participating in the agreement include Peach County Sheriff’s Office, Fort Valley Police Department, Warner Robins Police Department and Houston County Sheriff’s Office. The agreement also allows for joint training and cooperation on other matters, such as pre-planned large-scale special events, amongst the participating agencies.

Crimes Involving Student Organizations at Off-Campus Locations

Fort Valley State University relies on its close working relationships with local law enforcement agencies to receive information about incidents involving Fort Valley State University students and recognized student organizations, on and off campus. In coordination with local law enforcement agencies, the University Campus Police will actively investigate certain crimes occurring on or near campus. If the University
Campus Police learns of criminal activity involving students or student organizations, it will coordinate with the appropriate external law enforcement agency to forward information about the situation to the Office of Student Success, as appropriate.

The University requires all recognized student organizations to abide by federal, state, and local laws, and University regulations. The University may become involved in the off-campus conduct of recognized student organizations when such conduct is determined to affect a Substantial University Interest.

**TIMELY WARNING NOTICES – CRIME ALERTS**

Fort Valley State University will issue Timely Warning Notices in the event that it receives notice of an alleged Clery Crime (defined below) occurring on campus, on public property within or immediately adjacent to the campus, or in or on non-campus buildings or property controlled by Fort Valley State University, where the Fort Valley State University determines, in its judgment, that the allegations present a serious or continuing threat to the Fort Valley State University community.

For purposes of this policy, “timely” means as soon as reasonably practicable, generally not more than 48 hours after an incident has been reported to the Department of Campus Police and Safety. Authorities identified by Fort Valley State University, or local police agencies that have concurrent jurisdiction have reported the information to the Fort Valley State University. The Chief of Police/Director of Campus Police and Safety, or, in his absence or unavailability, his designee, is responsible for determining whether to issue a Timely Warning Notice. If the Director or designee is not available, the determination will be made by a member of the Fort Valley State University’s emergency response and planning committee.

Whether to issue a Timely Warning Notice is determined on a case-by-case basis for Clery Act crimes: arson, homicide, burglary, robbery, forcible and non-forcible sex offenses, aggravated assault, motor vehicle theft, domestic violence, dating violence, stalking and Hate Crimes, as defined by the Clery Act. Notices also may be distributed for other crimes as determined necessary by the Director of Campus Police and Safety.
or the designee in his/her absence. In determining whether to issue a Timely Warning, Fort Valley State University will consider any factors reflecting on whether the alleged crime represents a serious or continuing threat to the Fort Valley State University community, including, but not limited to, (a) the nature of the incident; (b) when and where the incident occurred; (c) when it was reported; (d) the continuing danger to the campus community; and (f) the amount of information known by the Department of Campus Police and Safety. If there is insufficient information available to determine whether the incident represents a continuing threat to the Fort Valley State University community, the University will issue a Timely Warning unless, based on the information available, it appears unlikely that there is an ongoing threat to the Community, and will note in the content of the Timely Warning that, based on the information available, the University does not have full information to evaluate the nature of the ongoing threat.

The Director of Campus Police and Safety will make efforts to consult with the Director of Marketing and Communications or a designee, if s/he is available, to develop the content of the Timely Warning Notice. The Fort Valley State University's Title IX Coordinator may also be consulted in appropriate situations.

The Timely Warning Notice will typically include, to the extent known, the date, time and nature of the offense, a brief overview of its particular circumstances, a physical description of the actor(s), law enforcement’s immediate actions, a request and method for witnesses to contact law enforcement, and where applicable and appropriate, cautionary advice that would promote safety. In developing the content of the Timely Warning Notice, the University will take all reasonable efforts not to compromise ongoing law enforcement efforts.

Fort Valley State University distributes Timely Warning Notices in various ways. Once the Fort Valley State University determines that an alert will be issued, the Department of Public Safety e-mails the announcement and posts it on its website (www2.fvsu.edu), and posts alerts on bulletin boards throughout campus when
feasible. The Fort Valley State University will also send email, text and voicemail messages disseminating the notice to those who register their cell phone numbers in Banner or ADP.

Anyone with information about a serious crime(s) or incident(s) should report the circumstances to the Department of Campus Police and Safety by phone at (478) 825-6211) or in person at the Bywaters Building. If a report is made to other Fort Valley State University administrators, those administrators will immediately notify the Department of Campus Police and Safety.

**EMERGENCY RESPONSE AND EVACUATION PROCEDURES**

**Emergency Management at Fort Valley State University**

The Office of Emergency Management is responsible for the Comprehensive Emergency Operations Plan (CEOP). This plan is designed to be an all-hazards disaster response and emergency management plan that complies with FEMA guidelines for Higher Education that includes planning, mitigation, response, and recovery actions.

Our priorities are:

- Life safety, infrastructure integrity, and environmental protection during an emergency
- Coordination with university departments to write, maintain, test, and exercise the CEOP
- Cooperation, Integration, and Mutual Aid with local, state and federal planning, response, and public safety agencies and their CEOPs.

Drills, Exercises and Training

Annually, the University conducts an emergency management exercise whether full-scale mock drills or table top exercises to test emergency procedures. The scenarios for these exercises change from year-to-year, and include several departments from across the campus.

To ensure the University’s emergency management plans remain current and actionable, the University will conduct an emergency management exercise, at a minimum once yearly. These exercises may include tabletop drills, emergency operations center exercises, or full-scale emergency response exercises. The University conducts after-action reviews of all emergency management exercises.

In conjunction with at least one emergency management exercise each year, the University will notify the community of the exercise and remind the community of the information included in the University’s publicly available information regarding emergency response procedures (http://www.fvsu.edu/campus-safety/).

Emergency Notification

Fort Valley State University is committed to ensuring the campus community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus or in the local area that poses an immediate threat to the health and safety of campus community members. Fort Valley State University uses the emergency notification system known as Blackboard Connect or ConnectEd. Blackboard Connect/ Connect Ed is a community outreach notification tool designed to aid in the distribution of important information. A message can be sent on or off campus by Marketing and Communications, Campus Police, Plant Operations, Student Success to communicate with students, faculty, staff, community and parents about emergency situations, school events and important issues impacting FVSU. Messages are sent via voice and/or text messages to homes, work or cell phones. Essentially, we can make one phone call that reaches faculty, staff, students, parents and the
community within minutes or a district message can be sent to reach all the families within minutes.

Blackboard Connect is an emergency notification service available to students, staff, and anyone in the University community who wants to subscribe. Blackboard Connect can be used to send emergency messages within minutes of the occurrence of an incident. Alerts sent by Blackboard Connect are simulcast to the University community via our news wire at www2.fvsu.edu, Fort Valley State University’s Facebook page, Twitter, or at the subscriber’s choice, their e-mail account. All of the campuses have full access to Blackboard Connect for posting local emergency alerts.

Fort Valley State University performs a University-wide annual test of the system. The following procedures outline the process the University uses when issuing emergency notifications.

**Procedures Used to Notify the Campus Community**

In the event of a situation that poses an immediate threat to members of the campus community, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of emergency notification to all or a segment of campus community. These methods of communication include the mass notification system Blackboard Connect, the University’s email system, and verbal announcement within a building and public address system on police cars. The University will post updates during a critical incident on the homepage. If the situation warrants, the University will establish a telephone call-in center to communicate with the University community during an emergency situation.

**Confirming the Existence of a Significant Emergency or Dangerous Situation and Initiating the Emergency Notification System**

The Department of Campus Police and Safety and /or other campus first responders may become aware of a critical incident or other emergency situations that potentially
affect the health and/or safety of the campus community. Generally, campus first responders become aware of these situations when they are reported to the Police Dispatch Recorder or upon discovery during patrol or other assignments.

Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, first responders will notify supervisors in the Department of Campus Police and Safety or other authorized University office to issue an emergency notification.

The University’s authorized representatives will immediately initiate all or some portions of the University’s emergency notification system. If, in the professional judgment of first responders, issuing a notification potentially compromises efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, the University may elect to delay issuing an emergency notification. As soon as the condition that may compromise efforts is no longer present, the University will issue the emergency notification to the campus community.

*Determining the Appropriate Segment or Segments of the Campus Community to Receive an Emergency Notification*

University and/or local first responders on the scene of a critical incident or dangerous situation will assist those preparing the emergency notification with determining what segment or segments of the University community should receive the notification. Generally, campus community members in the immediate area of the dangerous situation (i.e. the building, adjacent buildings, or surrounding area) will receive the emergency notification first. The University may issue subsequent notifications to a wider group of community members. In addition to the emergency notification that may be issued via the University's mass notification system, the University will also post applicable messages about the dangerous condition on the University homepage to ensure the rest of the campus is aware of the situation and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of the entire campus, University officials will distribute the
notification to the entire campus community.

**Determining the Contents of the Emergency Notification**

The office responsible for issuing the emergency notification (the Campus Police Dispatch Recorder officers) will, in consultation with University and local first responders, determine the contents of the notification. The University has developed a wide range of template messages addressing several different emergency situations. The individual authorizing the alert will select the template message most appropriate to the ongoing situation and modify it to address the specifics of the present incident. In those cases where there are no pre-determined template messages in the system, the individual authorizing the alert will develop the most succinct message to convey the appropriate information to the community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety.

**Enrolling in the University’s Emergency Notification System**

We encourage members of the campus community to enroll in the Blackboard Connect system by visiting http://www2.fvsu.edu, click on quick links for Banner web or ADP. We encourage University community members to regularly update their information at the same site.

Local community/public safety officers receive messages when messages are sent to them – messages are sent to them if the message originator requests that they receive that message – messages are sent to them if their contact information (name, phone numbers and email addresses) have been added to the Blackboard Connect system – contact information is added to the Bb Connect system using an “import” procedure – contact information is obtained, for the import procedure, from the office/area/persons wishing to have their information added into the Bb Connect system – their contact information is formatted using template provided and upon receipt of the file with the contact information, it is uploaded into the system – their contact information stays in the Bb Connect system until a request to remove or
change it is submitted – if no removal action is taken, their contact information is available when/if a message related specifically to them is sent out.

SECURITY OF and ACCESS TO UNIVERSITY FACILITIES

At Fort Valley State University campus, administrative buildings are open from 7:00 a.m. until 5:00 p.m., Monday through Friday, and academic buildings generally are open from 7:00 a.m. until 7:00 p.m. Academic buildings are scheduled to be open on weekends only as needed. Access to individual classrooms and laboratories is limited to those enrolled in the courses meeting there. Likewise, access to most programs is limited to those enrolled in the program or otherwise authorized access.

Many cultural and athletic events held in the University facilities are open to the public. Other facilities such as the bookstore, library, and performance center are likewise open to the public. Only those who have demonstrated a need are issued keys to a building.

Special Considerations for Residence Hall Access

At the University campus, all residence halls operate under a computerized Access Control and Security Monitoring System. Identification cards are coded so that only students who are residents in a particular hall are authorized electronic access entry to that hall; the system denies entry to all unauthorized persons. When any exterior door is left ajar, an audible alarm is activated. Residents Assistants are responsible for checking and securing doors along with Police and Security Officers when on patrol. When a door is malfunctioning, residence hall personnel should be summoned for immediate repair. Remember to lock your doors and windows. All residence hall and apartment exterior doors are equipped with locks and mechanisms to ensure a quick emergency exit.

Only residents and their invited guests are permitted in the living areas of the residence halls. It is the resident’s responsibility to ensure that his/her guest are aware
of the University and residence hall policies. Guests are not provided with room keys or door access cards. Guests of the opposite sex must be escorted by a resident of the building at all times. All exterior doors are locked 24 hours a day. It is the responsibility of residents and staff members to challenge or report individuals who cannot be identified as residents or the guests of residents. When University Campus Police receive a report of an unescorted person in a residence hall, a police officer is dispatched to assist the Office of Residential Life in identifying that person. During low-occupancy periods such as holidays and scheduled breaks, students are consolidated into designated buildings and gain access via the University's electronic access control system. During the summer when groups who are not regularly associated with Fort Valley State University are using the University residence halls, exterior doors are locked 24 hours a day. Depending on the number of guests, each individual may be issued an identification card that allows him or her to gain access to their assigned building via the electronic access control system. In the event of a large number of guests, the Lead Counselor/Chaperone may be issued five (5) to ten (10) identification cards that will be assigned at his or her call. The individuals with the identification cards will be responsible for ensuring the other guests have access into the residence halls. Residence Halls are staffed 24 hours per day. University Police personnel also conduct regular checks of residence hall areas.

**Security Considerations for the Maintenance of Campus Facilities**

Fort Valley State University is committed to campus safety and security. At the University locks, landscaping and outdoor lighting are designed for safety and security. Sidewalks are designed to provide well-traveled, lighted routes from parking areas to buildings and from building to building. Sidewalks and building entrances are illuminated to provide well-traveled, lighted routes from parking areas to buildings and from building to building. Light fixtures that are out are reported to Plant Operations for replacement or repair.
We encourage community members to promptly report any security concern, including concerns about locking mechanism, lighting, or landscaping to the Office of Campus Police and Safety and/or the Office of Plant Operations.

**CAMPUS SECURITY POLICIES, CRIME PREVENTION & SAFETY AWARENESS PROGRAMS**

In addition to the many programs offered by the University Campus Police and other University offices, the University has established a number of policies and procedures related to ensuring a reasonably safe campus community. These policies include:

**Behavioral Intervention Team**

In order to extend our efforts on emergency preparedness and prevention, Fort Valley State University has established a Behavioral Intervention Team. The objective of the Behavioral Intervention Team (BIT) is to put in place a structured process for evaluating potentially threatening situations that occur at the University. The multidisciplinary team is comprised of members from around the University community. If you would like further information about the BTT please contact the Dean of Students located in the Student Amenities Building (Office of Student Life).

**Weapons Policy**

The possession, carrying and use of weapons, ammunition, or explosives is prohibited on University owned or controlled property.

The only exception to this policy is for authorized law enforcement officers or others, specifically authorized by the University. At some campuses, University Campus Police provides storage facilities for the personal weapons of members of the University community. Failure to comply with the University weapons policy will result in disciplinary action and/or criminal charges being launched against violators.

As of July 1, 2016 the State of Georgia added Section 19 to O.C.G.A. §16-11-127.1, allowing for the possession of certain electroshock devices on college campuses. Please refer to
the text below for full context of the Official Code of Georgia Annotated 16-11-127.1. There are some limited exceptions to this policy; for example certified and licensed law enforcement personnel who are authorized to carry a firearm are permitted to do so while on duty on FVSU property.

\[ O.C.G.A. \ §16-11-127.1, \ permitting \ possession \ of \ certain \ electroshock \ devices: \]

"(19) Any person who is 18 years of age or older or currently enrolled in classes on the campus in question and carrying, possessing, or having under such person's control an electroshock weapon while in or on any building or real property owned by or leased to such public technical school, vocational school, college or university or other public institution of postsecondary education; provided, however, that, if such person makes use of such electroshock weapon, such use shall be in defense of self or others. The exemption under this paragraph shall apply only to such person in regard to such electroshock weapon. As used in this paragraph, the term 'electroshock weapon' means any commercially available device that is powered by electrical charging units and designed exclusively to be capable of incapacitating a person by electrical charge, including, but not limited to, a stun gun or taser as defined in subsection (a) of Code 26 Section § 16-11-106."

Crime Prevention and Safety Awareness Programs

In an effort to promote safety awareness, the University Campus Police maintains a strong working relationship with the community. This relationship includes offering a variety of safety and security programs and services and crime prevention programming. If you or your organization would like to request a specific program, please contact the Office of Campus Police and Safety at (478) 825-6211 or the Office of Student Life at (478) 825-6292. Below are some of the programs and services available:

Programs Conducted by University Police, Office of Student Life, and the Office of Student Health & Counseling Services are listed below: (this is a list of all programs conducted by various offices at the institution, not just the University Police)

- Safety Seminars - The Office of Campus Police provides safety training/seminars at each of the residence halls once per semester. These
seminars are also available upon request by any University department, student organization or group.

- **Orientation Safety Overview** - At each orientation session of students, the Office of Campus Police provides safety information to all participants to include notification of where the Annual Security and Fire Safety Reports are located.
- **Fire Drills and Fire Evacuation protection seminars** - Fire Drills are conducted at each residence hall each semester with a fire safety and active shooter seminar to follow as students evacuate to a central location. Fire Drills and Fire Education seminars are conducted at each Academic and/or Education building at least once a year.
- **Active Shooter Seminars** - The Office of Campus Police and Safety conducts annual Active Shooter seminars with various groups around the University community and upon request.
- **Self Protection/Self Defense Training** - The Office of Campus Police provides Self Protection/Self Defense Training to all students, groups and organizations upon their request.
- **Risk Management Seminars** - The Office of Student Life conducts Risk Management Seminars annually to all student organizations that engage in recruitment and selection processes. During these risk management seminars the Office of Judicial Affairs, Campus Police, Legal Affairs and Title IX administrators informs the students and their advisors regarding various rules, laws and legal ramifications associated with their actions.
- **Security Escorts** - The Office of Campus Police provides 24 hour escort services to students, faculty and staff upon their request.

**Judicial Affairs (Student Conduct)**

**The Office of Judicial Affairs**

The mission of the Office of Judicial Affairs is to promote a safe, orderly, and civil University community and to encourage and inspire students to become good citizens by engaging in personal responsibility, ethical decision making, and demonstrating respect for the rights and safety of others.
The Student Code of Conduct

The Office of Judicial Affairs is responsible for administering the Code of Conduct for Students, which is articulates the behavioral standards and the equitable procedures employed by the University to respond to allegations of student misconduct.

The Code of Conduct for Students is administered at all University campuses on University property and may also address off campus student misconduct when a student’s behavior affects a Substantial University Interest.

Students who are found responsible for violations may be subject to sanctions ranging from Monetary Fines, Community Service, Disciplinary Warning, Disciplinary Probation, up to Suspension or Expulsion from the University. Students residing in University housing may also lose the privilege of living on campus for violating University rules and regulations or conditions of the housing contract.

In most cases the Office of Judicial Affairs will also assign developmental and educational interventions designed to promote greater awareness and improved decision-making for students and to further deter future misconduct.

In instances where there is reasonable cause to believe a student is an immediate threat to the safety of himself/herself or other persons or property or is an immediate threat to disrupt essential campus operations, a student may receive an Interim Suspension and/or other actions from the Dean of Students or the Vice Provost for Student Success and Enrollment Management. This is designed to protect the health and safety of the community and members therein.

Any individual or entity may submit reports alleging student misconduct to the Office of Judicial Affairs or designee at the campus where the incident occurred.

The Office of Judicial Affairs also provides outreach programming designed to inform and educate students and to promote Fort Valley State University principles. The Student Code of Conduct is housed in the newly revised version of the Fort Valley
State University Student Handbook which can be accessed via this link: https://orgsync.com/21875/files/686965/download. Also housed within the student handbook are Parental Notification Policy, Student Records Policy and links to all policy and procedural guidelines related to the Student Conduct process.

Additional Information Regarding the Student Code of Conduct

Fort Valley State University is obligated to provide all students with the University regulations, policies, and procedures governing student conduct. Fort Valley State University policies and procedures, including the Code of Conduct for Students and the Off-Campus Misconduct Policy are published on the Student Conduct website http://www.fvsu.edu/student-organizations/. If you have additional questions, special needs, or wish to request a hard copy of this information, please contact the Office of Judicial Affairs in Peabody Hall at Fort Valley State University.

FORT VALLEY STATE UNIVERSITY’S RESPONSE TO SEXUAL AND GENDER VIOLENCE

The following section was prepared in collaboration with the Office of Student Success, Office of Judicial Affairs, Office of Residential Life, Office of Compliance/Title IX/EEO, Office of Legal Affairs, Office of Student Health & Counseling Services and the Office of Campus Police and Safety.

Introduction

Fort Valley State University is committed to providing a safe learning and working environment, and in compliance with federal law has adopted policies and procedures to prevent and respond to incidents of sexual violence including sexual assault, domestic violence, dating violence and stalking. These guidelines apply to all students, faculty, staff, contractors and visitors.
**Reporting An Incident**

If a student, employee or visitor has been the victim of an incident of sexual violence they should immediately report it to the Fort Valley State University Campus Police at 478-825-6211 in Bywaters Building. In the case of an emergency or ongoing threat if possible get to a safe location and please report the incident by calling 911. Local law enforcement may be contacted at:

Fort Valley Police Department: (478) 825-3383  
200 West Church Street Fort Valley, GA 31030

Peach County Sheriff Office: (478) 825-8269  
1007 Spruce Street Fort Valley, GA 31030

Students may also report to the Office of Student Success located on the third floor of the C.V. Troup Building (478) 825-6291. Employees may also report to the Office of Human Resources located on the second floor of the C.V. Troup Building (478) 825-6301. Fort Valley State University officials will assist any victim in notifying law enforcement, including local police, if they elect to do so. Victims are also entitled not to report to law enforcement. Any student or employee who reports an incident of sexual violence, whether the offense occurred on or off campus, should contact the Office of Student Success or Title IX Office located on the second floor of Huntington Hall, if they have questions regarding their options.

**Procedures Victims Should Follow**

If an incident of sexual assault, domestic violence, dating violence or stalking occurs it is important to preserve evidence to aid in the possibility of a successful criminal prosecution. The victim of a sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical exam. Any clothing removed should be placed in a paper bag. Evidence of violence, such as bruising or other visible injuries, following an
incident of domestic or dating violence should be documented including through the preservation of photographic evidence. Evidence of stalking including any communication, such as written notes, voice mail or other electronic communications should be saved and not altered in any way.

**Accommodations**

Whether or not a student or employee reports to law enforcement and or pursues any formal action, if they report an incident of sexual violence Fort Valley State University is committed to providing them with a safe learning and/or working environment. Upon request Fort Valley State University will make any reasonably available change to a victim’s academic, living, transportation, and or working situation. Students may contact the Office of Student Success located on the third floor of the C. V. Troup Building for assistance, and employees may contact the Office of Human Resources located on the second floor of the C. V. Troup Building for assistance.

If a victim reports to law enforcement, they may assist them in obtaining a temporary protection order/restraining order from a criminal court. Fort Valley State University is committed to ensuring that any such order is fully upheld on all institutionally owned and controlled property. Fort Valley State University is also committed to protecting victims from any further harm, and the local Magistrate Court or Superior Court Judge may issue a temporary protective order pending the outcome of any court proceedings.

**Sexual Assault Policy**

The university is committed to combating crimes of sexual assault both on and off campus. Our concentration in this matter is focused on prevention targeted at every member of the Fort Valley State University community. There are programs established which include seminars, workshops, group and individualized counseling services. Additionally, there is a wide distribution of materials which focus on information about rape, acquaintance rape, incest and sexual harassment.
The Academic Success Center, the Office of Student Success and the Department of Campus Police and Safety are all charged with providing services related to sexual assault prevention and reporting. Information can be obtained by contacting any of the three offices. Remember: if it feels wrong, looks wrong or seems to be wrong, then it probably is wrong.

In the event a member of the university community is the victim of a sexual assault on or off campus, it is the policy of the university to:

- encourage prompt reporting to both campus authorities and local police,
- refer victims for appropriate medical treatment,
- provide initial post-incident counseling services and,
- make referrals to community-based victim witness assistance services.

In the event of alleged on-campus sexual assault either forcible or non-forcible, all members of the university community are directed to immediately notify campus police and file an official report.

More information regarding Sexual Assault can be obtained in the CRIME AWARENESS AND CAMPUS SECURITY ACT INFORMATION BROUCHURE, which is located at the Department of Campus Police and Safety in Bywaters Building.

**Personal Safety**

Theft, disorderly conduct, and alcohol related offenses are very common on university campuses. However, they don’t stand-alone. Despite law enforcement’s efforts, serious crimes do occur on campuses. It is important to report any suspicious incidents to police and always remain alert and vigilant.

One of the more serious crimes that too often is unreported is Sexual Assault. It is important to know what these crimes are, because in many cases, victims do not realize that have been victimized. Additionally, crimes of this nature are very difficult for victims to report for a number of very complex reasons. We provide the following
information to assist those who may have been victims of sexual assault or who have a friend who has been sexually assaulted.

There are many guidelines to help you be more alert and aware of the situation to prevent such serious crimes. Such as:

**Know your surroundings**
- Be alert
- Call for help
- Report any suspicious people and/or activity, immediately

**Defining Rape/Sodomy and Sexual Assault**

In Georgia, Rape is defined under O.C.G.A. § 16-6-1 as a “male having carnal knowledge of a female forcibly and against her will. Carnal knowledge in rape occurs when there is any penetration of the female sex organs by the male sex organs.” The Code recognizes that rape can occur even between spouses so the defendant cannot use the fact that he is married to the person accusing him of rape as a defense. Rape is punishable by death, life imprisonment with or without parole, or a minimum of 25 years imprisonment, followed by probation for life.”

In Georgia, Sexual Assault is defined under OCGA § 16-6-5.1 as “sexual contact” is that is perpetrated by “a person who has supervisory or disciplinary authority over another individual.”

In Georgia, the term Domestic Violence is not defined but Family Violence is defined under OCGA § 19-13-1 as “The occurrence of one or more of the following acts between past or present spouses, persons who are parents of the same child, parents and children, stepparents and stepchildren, foster parents and foster children, or other persons living or formerly living in the same household: (1) Any felony or (2) Commission of offenses of battery, simple battery, simple assault, assault, stalking, criminal damage to property, unlawful restraint, or criminal trespass”.
In Georgia, the term Dating Violence is not defined however “Family Violence” as defined under OCGA § 19-13-1 to include some dating situations – i.e. persons who are parents of the same child, other persons living or formerly living in the same household.

In Georgia, Stalking is defined under OCGA § 16-5-90 as “(a)(1) A person commits the offense of stalking when he or she follows, places under surveillance, or contacts another person at or about a place or places without the consent of the other person for the purpose of harassing and intimidating the other person. For the purpose of this article, the terms ‘computer’ and ‘computer network’ shall have the same meanings as set out in Code Section 16-9-92; the term ‘contact’ shall mean any communication including without being limited to communication in person, by telephone, by mail, by broadcast, by computer, by computer network, or by any other electronic device; and the place or places that contact by telephone, mail, broadcast, computer, computer network, or any other electronic device is deemed to occur shall be the place or places where such communication is received. For the purpose of this article, the term ‘place or places’ shall include any public or private property occupied by the victim other than the residence of the defendant. For the purposes of this article, the term ‘harassing and intimidating’ means a knowing and willful course of conduct directed at a specific person which causes emotional distress by placing such person in reasonable fear for such person’s safety or the safety of a member of his or her immediate family, by establishing a pattern of harassing and intimidating behavior, and which serves no legitimate purpose. This Code section shall not be construed to require that an overt threat of death or bodily injury has been made.

(2) A person commits the offense of stalking when such person, in violation of a bond to keep the peace posted pursuant to Code Section 17-6-110, standing order issued under Code Section 19-1-1, temporary restraining order, temporary protective order, permanent restraining order, permanent protective order, preliminary injunction, or permanent injunction or condition of pretrial release, condition of probation, or
condition of parole in effect prohibiting the harassment or intimidation of another person, broadcasts or publishes, including electronic publication, the picture, name, address, or phone number of a person for whose benefit the bond, order, or condition was made and without such person's consent in such a manner that causes other persons to harass or intimidate such person and the person making the broadcast or publication knew or had reason to believe that such broadcast or publication would cause such person to be harassed or intimidated by others.”

In Georgia, Consent is not defined in reference to sexual activity. However the University System of Georgia and Fort Valley State University defines Consent as Words or actions that show a knowing and voluntary willingness to engage in mutually agreed-upon sexual activity. Consent cannot be gained by force, intimidation or coercion, by ignoring or acting in spite of objections of another, or by taking advantage of the incapacitation of another, where the respondent knows or reasonably should have known of such incapacitation. Consent is also absent when the activity in question exceeds the scope of consent previously given. Past consent does not imply present or future consent. Silence or an absence of resistance does not imply consent. Minors under the age of 16 cannot legally consent under Georgia law.

At FVSU, SEXUAL ASSAULT is defined as the unwanted touching of the intimate body parts of another (e.g., breasts, buttocks, groin, genitals, or the clothing covering any such body part). These acts will be considered unwanted and without consent if the victim was unable to give consent due to a condition of which the offending student was or should have been aware (e.g., the victim is intoxicated due to the excessive use of alcohol or other drugs, coerced, or threatened verbally, including being threatened with future physical harm).

While these definitions are clear, victims often have difficulty reporting a sexual assault for numerous reasons such as knowing the perpetrator, fear of retaliation, fear of parents knowing about the incident, fear of getting in trouble with law
enforcement. Despite these concerns, it is vital to report such incidents in order to get help.

The following information provides steps to follow should a sexual assault occur:

- Get to a safe place as soon as possible!
- Try to preserve all physical evidence – The victim should not bathe, shower, brush teeth, douche, use the toilet, or change clothing until s/he has a medical exam. Contact a close friend or relative, if available, who can provide support and accompany the victim to the medical exam and/or police department. Advocates from the Women’s Resource Center can be available to the victim to provide support.
- Get medical attention as soon as possible – An exam may reveal the presence of physical injury of which the victim is unaware. Following a sexual assault, antibiotics are typically given at the time of the exam to help prevent the victim from acquiring certain sexually transmitted diseases. Emergency contraceptive pills are offered to all victims at the time of the exam (if the victim presents within 120 hours) to help prevent pregnancy from occurring as a result of the rape. If the victim reports memory loss, loss of consciousness or other circumstances suspicious for a drug-facilitated assault, a urine test may be done if the victim presents within 96 hours. Some of the commonly used “date rape” drugs, however, are only detectable in the urine for 6-8 hours after ingestion.
- Contact the police – Sexual assault is a crime, it is vital to report it. It is important to remember report a crime is not the same as prosecuting the crime. The decision to prosecute may be made at another time. Final decision to prosecute is determined by the District Attorney.
- Consider talking to a counselor – Seeing a counselor may be important in helping the victim understand his/her feelings and begin the process of recovery.

**Our Commitment to Addressing Sexual Assault/Rape**

The University does not tolerate sexual misconduct or abuse, such as sexual assault, rape or any other forms of nonconsensual sexual activity. Sexual misconduct in any form violates the Student Code of Conduct, University policies ([http://www2.fvsu.edu/student-code-of-conduct/](http://www2.fvsu.edu/student-code-of-conduct/)), and may violate Federal and State Laws. Violations of this policy are subject to disciplinary sanctions through the Office of Judicial Affairs and/or those outlined in applicable University policies. Please visit
Please note that not all services are available at all campus locations.

(https://www2.fvsu.edu/home/administration/office-of-business-and-finance/campus-safety/) to view procedures, policies and protocols for reporting and addressing allegations of student sexual misconduct. The University provides the following rights to all sexual assault victims:

- **Victim’s Advocacy/Assistance** through the local District Attorney’s Office/Criminal Justice Coordinating Council (CJCC) which will pay for all basic sexual assault related care for students who receive care at either Medical Center of Peach County or the Medical Center of Central Georgia.

- **Criminal Justice Coordinating Council** is available to all victims of crimes. The CJCC will provide support and guidance to victims and enable them to receive advocacy, information, and assistance both judicially and academically.

- **University Police, FVSU Title IX, and the Office of Student Health & Counseling Services Center** are active participants in the local Sexual Assault Response Team (SART). This is to ensure victims are provided the appropriate care in a timely fashion and with only well trained professionals.

- **On campus counseling services** are available to students through Valley Behavioral Counseling Services.

- **The Office of Student Success** have special procedures that enables victims of violence to review whether they need to withdraw from a semester or individual courses.

**University Procedures for Responding to Reports of Sexual Assault**

If you or someone you know is the victim of a sexual assault, the victim has several rights, including:

- **The right to report** the incident to the University Campus Police or local authorities. The University will assist victims in notifying either the University or local police. Filing a police report does not mean the victim must pursue criminal charges. The victim maintains his or her rights throughout the process.

- **In addition to the campus services** listed below, there are also several community service organizations that can provide counseling, mental health, and other related services to sexual assault victims. The Office of Student Health & Counseling Services can assist with connecting victims to these services. Please note that not all services are available at all campus locations.
Community and National Service Organizations:

HODAC Center  2762 Watson Blvd. Warner Robins, GA 31093  (478) 953-4675
Benchmark Mobile Crisis Response Services 24 hour hotline: (800) 715-4225
National Domestic Violence Hotline: (800) 799-SAFE
National Sexual Assault Hotline:  (800) 656-HOPE
Georgia Crime Victims Compensation Program  (800) 547-0060

- If a victim of a sexual assault or relationship violence incident requests a change in her or his living arrangements or academic schedule, the Office of Student Success, and other offices at the University, will assist the individual with making these changes, as long as they are reasonably available.

University Disciplinary Procedures in Sexual Assault Incidents

If you have been sexually assaulted, you have options for addressing such conduct. You may wish first to discuss the problem privately with a counselor or an adviser in the HODAC Center, the Office of Student Health & Counseling Services or other confidential counselors. The University Police are always available to assist a victim with getting the support she/he requests.

The University’s student conduct process is designed to afford a complainant (the person who is bringing a charge) and a respondent (the person who is answering a charge) a fair, prompt, and appropriate resolution process. The process is designed to help persons who need support as they address these incidents.

The Office of Student Success manages the resolution proceeding in which a student is the alleged perpetrator. The full text of the protocol for how the University responds to sexual assault complaints through the campus conduct process can be found at [http://www2.fvsu.edu/student-code-of-conduct/](http://www2.fvsu.edu/student-code-of-conduct/). The Office of Human Resources is responsible for managing proceedings for those cases in which an employee is the accused.
In determining whether the alleged conduct constitutes sexual harassment or assault, the full context in which the alleged incident occurred must be considered. In any case, both the accuser and the accused are entitled to the same opportunities to have others present during any disciplinary proceeding. Both the accuser and the accused will be informed of the outcome of any proceeding.

During any sexual assault complaint proceeding, the University has a range of sanctions available. Those sanctions may range from probation to expulsion from the University, depending upon the nature and circumstances of the specific incident.

**Sexual Assault Prevention Education Programs**

The Office of Student Health & Counseling Services Center is primarily responsible for sexual assault education and awareness in collaboration with many offices at the University. Together, these offices offer a variety of programming focusing on sexual and gender violence. Below is a list of some of the programs available at the University.

- Self Defense/Self Protection program – in collaboration with University Campus Police. A free 2 hour course to enrolled women students through Campus Police
- Welcome Week/New to Campus Initiative – events with invited speakers to address issues of sexual and gender violence. Coordinated by the Office of Student Life
- Student Life resources from the FVSU web page: [http://www2.fvsu.edu/home/future-students2/student-services/](http://www2.fvsu.edu/home/future-students2/student-services/)
- Peer Educator Program - Coordinated through the the Office of Student Health & Counseling Services, the PE Program prepares FVSU students to facilitate on and off-campus based programming utilizing evidenced based practices (EBPs) in the areas of: HIV/AIDS, Substance Abuse, Sexual Assault and Suicide
- Shepherds in the Valley (SIV) - Coordinated through the Office of Student Health & Counseling Services and supported through funding from the Department of Public Health, the SIV Program empowers young male representatives from Athletic and Greek Letter organizations to become engaged bystanders, trained through the One in Four and Beyond Evidenced Based Practice to identify precursors to sexual violence and inform their male peers of these risk factors
Sex Offender Registration – Campus Sex Crimes Prevention Act

*Megan’s Law*

Washington State’s 1990 Community Protection Act included America’s first law authorizing public notification when dangerous sex offenders are released into the community. However, it was the brutal 1994 rape and murder of seven-year-old Megan Kanka that prompted the public demand for broad based community notification. On May 17, 1996, President Clinton signed Megan’s Law. Megan’s Law requires the following two components:

**Sex Offender Registration** – The 1994 Jacob Wetterling Act requires the States to register individuals convicted of sex crimes against children. Sex offender registration laws are necessary because:

- Sex offenders pose a high risk of re-offending after release from custody;
- Protecting the public from sex offenders is a primary governmental interest;
- The privacy interests of persons convicted of sex offenses are less important than the government’s interest in public safety;
- Release of certain information about sex offenders to public agencies and the general public will assist in protecting the public safety.

**Community Notification** – Megan’s Law allows the States discretion to establish criteria for disclosure, but compels them to make private and personal information on registered sex offenders available to the public. Community notification:

- Assists law enforcement in investigations;
- Establishes legal grounds to hold known offenders;
- Deters sex offenders from committing new offenses;
- Offers citizens information they can use to protect children from Victimization.

The Campus Sex Crimes Prevention Act (CSCPA) of 2000 is a federal law that provides
for the tracking of convicted sex offenders enrolled at, or employed by, institutions of higher education. The CSCPA is an amendment to the Jacob Wetterling Crimes against Children and Sexually Violent Offender Act. The federal law requires state law enforcement agencies, such as GBI (Georgia Bureau of Investigation) to provide Fort Valley State University with a list of registered sex offenders who have indicated that they are enrolled, employed or carrying on a vocation at Fort Valley State University.

Members of the general public may request community notification information concerning sexually violent predators in a particular community by visiting the chief of law enforcement officer in that community. In jurisdictions where the Georgia Bureau of Investigation is the primary law enforcement agency, members of the general public may make such requests at the local Sheriff’s Office in that community. This information is also available on the Internet at http://state.sor.gbi.ga.gov/Sor_Public/SearchOffender.aspx.

Missing Student Notification Policy

This policy contains the official notification procedures for Fort Valley State University concerning missing students who reside in on-campus housing, in accordance with the requirements of the Higher Education Opportunity Act of 2008 (HEOA). The purpose of this policy is to promote the safety and welfare of members of the college community through compliance with HEOA requirements. This policy should be adhered to by all college faculty, staff, and students.

In order to comply with the missing student policy, Fort Valley State University requires students to provide the following information as part of an emergency contact: Name, address, telephone number and cell phone number of the student’s next of kin or emergency contact/designee. The student must ensure that all their personal contact information along with their emergency contact/designee is up to
date and current in the student’s Bannerweb Account and on file with their University housing facility coordinator.

In the event that a member of the college community has reason to believe that a student who resides in on-campus housing is missing, he or she shall immediately notify the Director of Housing or his/her designee as soon as possible. After which, a report must be made by the Director of Housing to the Fort Valley State University Department of Public Safety (CAMPUS POLICE & SAFETY) immediately. Following notice to the University Police Department, the Director of Housing, or his/her designee, is responsible for immediately notifying the Dean of Students, or his/her designee, of the report. Fort Valley State University CAMPUS POLICE & SAFETY will generate a missing person report and initiate an investigation. In addition, Fort Valley State University CAMPUS POLICE & SAFETY will report the missing person to Residence Life if such information has not already been conveyed.

During the course of the investigation, Fort Valley State University CAMPUS POLICE & SAFETY will determine if the student has been missing more than 24 hours. In such event Fort Valley State University CAMPUS POLICE & SAFETY will notify all surrounding law enforcement agencies and the student’s emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, Fort Valley State University CAMPUS POLICE & SAFETY will notify the student’s parent or legal guardian immediately after they determine that the student has been missing for more than 24 hours. In addition to registering emergency contacts, students residing in on-campus housing have the option to identify confidentially an individual to be contacted by Fort Valley State University in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, Fort Valley State University will notify that person no later than 24 hours after the student is determined to be missing. Students who wish to identify a confidential contact can
do so by completing the appropriate paperwork during check-in procedures. A Student’s contact information will be registered confidentially, that this information will be accessible only to duly authorized University officials and it may not be disclosed, except to law enforcement in furtherance of a missing persons investigation. This policy is effective from the date of issuance and will be made available to all members of the campus community. Its availability will be through postings on the college website, emergency response plan manual, Residence Life handouts/publications and statistical information brochures issued annually by Fort Valley State University Campus Police and Safety.

**Daily Crime and Fire Log**

The Office of Campus Police and Safety maintains a combined Daily Crime and Fire Log of all crime and fire incidents reported to the Department. The Office of Campus Police makes available upon request the Daily Crime and Fire Log, Monday – Friday, when the University is opened. This log identifies the type, location, and time of each criminal incident reported to the Office of Campus Police. The Leader Tribune/Macon Telegraph and the local television and radio stations contact The Office of Campus Police occasionally to acquire information from this log. Information deemed newsworthy is published in both newspapers and is broadcast by the local radio and television stations.

Upon request a copy of any maintained Daily Crime and Fire Log will be made available for viewing, within 48 hours of notice.

**Fort Valley State University Alcohol and Drug Policy**

Fort Valley State University has policies/procedures and sanctions governing the use of Alcohol and Other substances pertaining to students in the Student Code of Conduct Handbook located at [http://www2.fvsu.edu/student-code-of-conduct/](http://www2.fvsu.edu/student-code-of-conduct/) Also, the Office of Human Resources have policies/procedures and sanctions listed in the
Federal law requires Fort Valley State University to notify annually all faculty, staff, and students of the following:

The University prohibits the unlawful possession, use, manufacture or distribution of alcohol or controlled substances by students, faculty, staff, and guests in buildings, facilities, grounds or property controlled by the University or used as part of University activities. For students, this includes prohibiting the possession and consumption of any beverage containing alcohol in a residence hall room. In addition, the smoking of any material is prohibited in all facilities of Fort Valley State University at all locations. Treatment of Alcohol and/or Drug related problems is available to students at the Office of Student Health & Counseling Services on the main campus of FVSU. Faculty and/or Staff must seek treatment options through the Office of Human Resources.

**Areas Open to the Public**

Fort Valley State University prohibits the possession and use of alcoholic beverages in areas open to the public including areas of buildings open to the public. However, the use of alcoholic beverages, subject to the laws of the State of Georgia may be permitted at University sponsored activities in areas designated by, and with the prior approval of, the University President at Fort Valley State University; the Vice President for External Affairs and the Chief of Campus Police.

**Private or Closed Areas**

The possession and use of alcoholic beverages are prohibited in conference rooms, offices, office reception rooms, closed buildings, and areas of buildings not open to the public or from which the public has been excluded, except: the use of alcoholic beverages, subject to the laws of the State of Georgia, may be permitted in specific private or closed areas designated by, and with the prior approval of, the University
President at Fort Valley State University; the Vice President for External Affairs and the Chief of Campus Police.

**Education and Research Areas**

Fort Valley State University specifically prohibits the use, possession and dispensing of alcoholic beverages in classrooms, lecture halls, laboratories, libraries, research areas, or within buildings, arenas or areas where athletic events, lectures, or concerts are held, during such events or activities. Permission will not be granted to use or possess alcoholic beverages in a facility that is being used for one of the above functions. (Consult the Office of the Vice President of External Affairs for more information; located in Huntington Hall on the main campus of FVSU).

**Policies Specific to Students**

Any student who violates this policy is subject to disciplinary action including sanctions as outlined in the Student Code of Conduct in addition to any penalties resulting from violating local, state and or federal law. Disciplinary sanctions may include: Students who are found responsible for violations may be subject to sanctions ranging from Monetary Fines, Community Service, Disciplinary Warning, Disciplinary Probation, up to Suspension or Expulsion from the University. Students residing in University housing may also lose the privilege of living on campus for violating University rules and regulations or conditions of the housing contract. In most cases the Office of Judicial Affairs will also assign developmental and educational interventions designed to promote greater awareness and improved decision-making for students and to further deter future misconduct.

**Residence Life Alcohol Policy**

**Alcohol And Illegal Substances**

**Alcohol Policy**

The possession of use of alcoholic beverages is prohibited in all University on-campus residential buildings.

It is a violation of state law and university policy for a student under 21 years of age to attempt to purchase, consume, possess, or transport alcoholic beverages. It is
unlawful to sell, furnish, and give alcoholic beverages or to permit alcoholic beverages to be sold, furnished or given to any minor.

It is against residential hall policy for there to be any tailgating activities in the residential quad areas or residential hall parking lots where alcoholic beverages are being served on any football game/event weekend including all home football games. Students tailgating with alcoholic beverages in these defined areas will be confronted and will likely be charged with “open containers in an unauthorized area.”

Residents will be held responsible for activities that occur in their rooms, and will be referred to the Office of Residential Life, the Office of Judicial Affairs, and/or University Policy if guests are violating the on-campus alcohol policies listed above.

Failure to comply with the direction or to present identification to University Officials acting in the performance of their duties is a violation of the Student Code of Conduct and will result in a referral to the Office of Residential Life or the Office of Judicial Affairs.

It is against the Student Code of Conduct to supply false information, such as name, age, etc. to University Officials who are acting in the performance of their duties.

**Illegal Substances (Drugs)**

It is a violation of state law and university policy to illegally possess, use, distribute, manufacture, sell or be under the influence of other drugs. Students who violate this policy will be referred to the office of Residential Life, the Office of Judicial Affairs, and/or University Campus Police.

It is against residential hall policy for a student to be in a residential area (room, common area, common building, building entryway, or quad area immediately adjacent to the residential halls) and in the presence of an illegal substance. Students who are in the presence of an illegal substance in these areas will be referred to the Office of Residential Life, the Office of Judicial Affairs and/or University Campus Police.

**Know the signs of Alcohol Poisoning/Drug Overdose**
- Passed out or difficult to awaken
- Cold, clammy, pale or bluish skin
- Slowed breathing
- Vomiting (asleep or awake)

**Know how to respond should you encounter a person in distress**
- Contact Police immediately or Dial 911
● Turn a vomiting person on his/her side to prevent choking
● Clear vomit from the mouth
● Keep the person awake
● NEVER leave the person unattended

Policies Specific to Faculty and Staff

As a condition of University employment, every employee shall abide by the terms and conditions of the FVSU Employee’s handbook disseminated by the Office of Human Resources. Any employee who violates these policies as set forth in the handbook is subject to University sanctions, including dismissal, as well as criminal sanctions provided by federal, state or local law. An employee may be required to participate in a drug abuse or drug rehabilitation program. An employee must notify his or her supervisor or the Office of Human Resources of any criminal/drug arrest within (72) hours and notification of being convicted of a criminal offense within (24) hours. Please consult:

or

http://www.usg.edu/hr/manual/background_investigation

Underage Drinking

Alcohol is prohibited on the FVSU property. It is illegal for anyone under 21 years of age to attempt to purchase, purchase, consume, possess, or knowingly and intentionally transport any liquor, malt or brewed beverage. It is also illegal to lie about age to obtain alcohol and to carry a false identification card.

By law, the local police department and University Campus Police are required to notify parents or guardians of all underage-drinking violations.

Georgia Statutory Code Section;

TITLE 3 - ALCOHOLIC BEVERAGES CHAPTER 3 - REGULATION OF ALCOHOLIC BEVERAGES GENERALLY ARTICLE 2 - PROHIBITED ACTS § 3-3-23 - Furnishing to, purchase of, or possession by persons under 21 years of age of alcoholic beverages; use of false identification; proper identification; dispensing, serving, selling, or handling by persons under 21 years of age in the course of employment; seller's
actions upon receiving false identification. O.C.G.A. 3-3-23 (2010)3-3-23. Furnishing to, purchase of, or possession by persons under 21 years of age of alcoholic beverages; use of false identification; proper identification; dispensing, serving, selling, or handling by persons under 21 years of age in the course of employment; seller's actions upon receiving false identification (a) Except as otherwise authorized by law: (1) No person knowingly, directly or through another person, shall furnish, cause to be furnished, or permit any person in such person's employ to furnish any alcoholic beverage to any person under 21 years of age; (2) No person under 21 years of age shall purchase, attempt to purchase, or knowingly possess any alcoholic beverage; (3) No person under 21 years of age shall misrepresent such person's age in any manner whatever for the purpose of obtaining illegally any alcoholic beverage; (4) No person knowingly or intentionally shall act as an agent to purchase or acquire any alcoholic beverage for or on behalf of a person under 21 years of age; or (5) No person under 21 years of age shall misrepresent his or her identity or use any false identification for the purpose of purchasing or obtaining any alcoholic beverage. (b) The prohibitions contained in paragraphs (1), (2), and (4) of subsection (a) of this Code section shall not apply with respect to the sale, purchase, or possession of alcoholic beverages for consumption:

Carrying False I.D.

It is illegal for anyone under 21 to possess an identification card falsely identifying that person by name, age, date of birth, or photograph as being 21 or older to attempt to obtain liquor, malt, or brewed beverage by using the identification card of another or by using an identification card that has not been lawfully issued to or in the name of the person who possesses the card.

Public Drunkenness

It is illegal to appear in any public place manifestly under the influence of alcohol to the degree that you may endanger yourself or other persons or property, or annoy others in your vicinity.

Public drunkenness is a crime when a person appears in any public place manifestly under the influence of alcohol or a controlled substance to the degree that he may endanger himself or other persons or property, or annoy persons in his vicinity.

Public drunkenness also leads to other behaviors and important health concerns. Oftentimes public drunkenness contributes to many criminal mischiefs and
disorderly conducts on campus. Persons must be responsible for their own actions and know their limits and tolerance levels before consuming alcohol.

**Driving Under the Influence (DUI)**

In Georgia, the illegal level for DUI is .08% Blood Alcohol Content (BAC) and .02% BAC for individuals under the age of 21. Also, drivers with any amount of a Schedule I, II, or III controlled substance not medically prescribed (or their metabolites) may not drive, operate, or be in actual physical control of a vehicle.

**Refusing a Chemical Test**

Georgia law requires you to submit to state administered chemical tests of your blood, breath, urine or other bodily substances for the purposes of determining if you are under the influence of alcohol or drugs. Any person who drives a motor vehicle automatically gives consent to one or more chemical tests. This implied consent means that a person doesn’t have the right to an attorney before testing. If a person refuses to submit to a chemical test: 1) the test will not be done; 2) the person’s license will be suspended for one year; 3) the person will most likely be charged with DUI. Your refusal to submit to the required testing may be offered into evidence against you at trial.

**Open Container Law**

In Georgia, the State statute prohibiting open alcoholic beverage containers is OCGA 40–6–253. The law prohibits open containers of alcoholic beverages of any kind while the motor vehicle is in operation and in any area accessible to the driver and in the passenger area of the vehicle.

**Related Offenses**

**Possession of Marijuana**

A person is unlawful when he unknowingly, knowingly or intentionally possesses a small or large amount of marijuana (Hashish), a Schedule I substance, and is not authorized by law to possess such substance.

Persons engaged in such activity will most likely face criminal charges and be charged with a violation of the student code of conduct.
**Possession of Drug Paraphernalia**

A person is unlawful when he/she possesses, with the intent to use, drug paraphernalia which is used for packaging, manufacturing, injecting, ingesting, inhaling or otherwise introducing into the human body a controlled substance in violation State of Georgia Statute under Official Code of Georgia Annotated 16-13-1.

**Synthetic Marijuana**

Effective March 1, 2011 the U.S. Drug Enforcement Agency classified synthetic marijuana as an illegal substance. This drug may also known as Spice, K2, Demon, Wicked, Black Magic, Voodoo Spice, and Ninja Aroma. Individuals found responsible for manufacturing, possessing, importing/exporting or distributing these substances will face criminal and civil penalties. University Students engaging in these activities will also be held responsible under the University's illegal substances policies and the Student Code of Conduct.

**Drugs Risks and Consequences**

- Alcohol and other drug use during pregnancy increases risk of physical harms to fetus.
- Additional risks of harm may occur from toxic impurities present in street drugs.
- Additional risks of harm may occur from the use of prescription drugs in ways other than prescribed.
- Drugs taken by injection can increase the risk of infection (e.g. HIV, hepatitis, etc.) through needle contamination.

For more information visit: [www.drugabuse.gov](http://www.drugabuse.gov)

**Office of Student Health & Counseling Services**

**DRUG/ALCOHOL ABUSE PREVENTION and Other Student Programs**

**Alcohol Literacy Challenge (ALC)** - is a brief classroom-based program designed to alter alcohol expectancies and reduce the quantity and frequency of alcohol use among participants. Alcohol expectancies are an individual's beliefs about the anticipated effects of alcohol use, including those that are positive (e.g., increased sociability, reduced tension) and negative (e.g., impairments to mental and behavioral functioning, increased aggressiveness or risk taking). Some of the most desired effects--the arousing, positive, and prosocial effects--are placebo effects rather than pharmacological ones. ALC aims to correct erroneous beliefs about the effects of alcohol, decreasing positive and increasing negative expectancies. These shifts in
expectancies have been shown to predict lower levels of alcohol use.

**Bringing in the Bystander Intervention Training (BIBI)** - focuses on increased abilities of bystanders to safely intervene in instances where an incident of sexual assault may be occurring or instances where there may be risk. This program was developed and evaluated by leading researchers and program practitioners and is customizable to reflect the locations, colloquialisms and culture of our campus. This key attribute allows for the EBP to run in tandem with the Department of Health & Human Services CLAS guidance which addresses the need for the integration of cultural factors within effective programming. By design the Evidenced Based Program will be structured as a comprehensive two session training totaling 4.5 hours.

**Be the Sober One** - Programming designed to teach students how to: Use good judgement; Keep a close eye on friends, Know the times to tell your friends “chill out”, “time to go” or “You’re tripping!” Make sure everyone stays together especially when going home. And have fun being the sober one!

**Secrets and Stilettos Training** - Secrets and Stilettos has been in operations since 2012 under the leadership of Georgia Legal Services. Over its three (3) year course of existence, this program has impacted over 1,000 individuals, predominantly women, engaging them in educational seminars in regards to such issues as domestic violence, human trafficking as well as workshops targeting males in an effort to identify psychological and behavioral factors that perpetuate and/or standardize sexual assault. Originally designed as a program to spread the awareness of domestic violence amongst professional working women through the sharing of knowledge and personal stories in hopes that more women will feel comfortable enough to come forward if they were being abused as well as to provide women with information and awareness to prevent their becoming victims, recent research has evidenced a need to include more bystander intervention training.

**1 in 4 and Beyond** - This unique program has the dual benefit of educating men on how to help women recover from a rape experience while lowering men's rape myth acceptance and their self-reported likelihood of raping.

**Sex Signals Workshop** - Through improvisation and audience interaction, the play ‘Sex Signals’ explores how social pressures, gender stereotypes, unrealistic fantasies, and false preconceptions all contribute to the tensions often found in dating. Accompanied by a semi-improvisational scene, the presenters demonstrate how these and other factors can lead to sexual assault. The utilized scene enables audiences to recognize the true nature of rape, and to place full responsibility with the rapist. ‘Sex Signals’ challenges audiences who have mislabeled coercive behavior as
seduction, and to reexamine a culture that too often holds victims of rape responsible for their own vulnerability.

**Training for Intervention Program (TIPS)** - allows for participants to become trained on how to take roles in efforts to prevent intoxication and alcohol misuse on college campuses thus preventing such incidents as rape and assault.

**Dorm Room Chats (Workshops)** - Sexual Assault and Dating Violence as lead by administrators, peer educators and community partners. It is important to note that all of the aforementioned components of the proposed continuum of care incorporate elements of bystander intervention and training.

Note: All pre-referenced workshops and trainings are availed to FVSU students regardless of classification. In addition ALC is offered to students who are referred through Judicial in tandem with their Substance Abuse Group Sessions along with Prime for Life which is facilitated by a contracted community based partner (CBO) in support of TEARs2C (Teaching Everyone About the Risks-Community Coalition) a Department of Health and Human Services funded initiative. Other programs are supported by such agencies as the Georgia Department of Public Health and Governor’s Office of Highway Safety.

**Number of Students Impacted for the Reporting Period:** 2517

**Of Note:** GPRA - reference for combined substance abuse and HIV/AIDS prevention workshop

**ANNUAL DISCLOSURE OF CRIME STATISTICS**

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)) requires colleges and universities across the United States to disclose information about crime on and around their campuses. The University Campus Police maintains a close relationship with all police departments where Fort Valley State University owns or control property ensure that crimes reported directly to these police departments that involve the University are brought to the attention of the University Campus Police.
The University Campus Police collects the crime statistics disclosed in the charts through a number of ways. Those ways are inclusive of crimes reported directly to Campus Police, crimes reported to local law enforcement agencies affecting the University or within the University’s Clery geographical area and through reports made to University partners and colleagues associated with University Campus Police. Some of the most notable crimes reported and some of which are to be published in the Clery report are as follows;

**Murder/Manslaughter:** the willful killing of one human being by another.

**Manslaughter by Negligence:** the killing of another person through gross negligence.

**Sex Offenses:** Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

**Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

**Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

**Incest:** Nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

**Statutory Rape:** Nonforcible sexual intercourse with a person who is under the statutory age of consent.

**Robbery** – taking or attempting to take anything of value from the car, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated Assault** – an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

**Burglary** – the unlawful entry of a structure to commit a felony or a theft.

**Motor Vehicle Theft** – the theft or attempted theft of a motor vehicle.

**Arson** – any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.
**Hate Crimes** – includes all of the crimes listed as reportable Clery crimes that manifest evidence that the victim was chosen based on one of the categories of bias listed below, plus the following crimes. Hate crimes are defined as criminal offenses that manifest evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim.

**Larceny/Theft**—includes pocket picking, purse snatching, shoplifting, theft from building, theft from motor vehicle, theft of motor vehicle parts or accessories, and all other larceny.

**Simple Assault**—an unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

**Intimidation**—to unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to actual physical attack.

**Destruction/Damage/Vandalism of Property (except Arson)**—to willfully or maliciously destroy, damage, deface or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.

*Categories of Prejudice*

**Race** – A preformed negative attitude toward a group of persons who possess common physical characteristics genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind.

**Gender** – A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender.

**Religion** – A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being.

**Sexual Orientation** – A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation.

**Ethnicity**–A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry.
National Origin–A preformed negative opinion or attitude toward a group of people based on their actual perceived country of birth.

Disability – A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments/ challenges, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

Gender Identity – A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity.

_Dating violence, Domestic Violence, and Stalking_

Dating Violence – Violence committed by a person who is or has been in a social relationship of romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party’s statement and with consideration of the length of the relationship, the type of the relationship, and the frequency of interaction between the persons involved in the relationship. It is not limited to sexual or physical abuse or the threat of such abuse.

Domestic Violence – A felony or misdemeanor crime of violence committed:

- By a current or former spouse or intimate partner of the victim;
- By a person with whom the victim shares a child in common;
- By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
- By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or,
- By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Stalking – Engaging in a course of conduct directed at a specific person that would cause a reasonable person to

- Fear for the person’s safety or the safety of others; or
- Suffer substantial emotional distress.

**Note:** Crimes reported in the residential facilities are also included in the on campus category. Fort Valley State University began tracking crimes between the campus and housing separately on the annual report in 2013. Hate crime statistics include those from manslaughter, forcible and non-forcible sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny, vandalism, simple assaults, intimidation and damage/vandalism of property. *Non-forcible sex offenses based on the Clery Act for reporting purposes should only include incest and statutory rape.*

*It was discovered that after a professional review of the 2013 FVSU—ASR, the Warner Robins Center was not a completely separate branch complete with its own separate set of administrators, so therefore any Clery reportable crimes will be contained with the overall statistical data for the University referenced above and will not be separated.*
CLERY GEOGRAPHY MAP (Main FVSU Campus)

1005 State University Drive, Fort Valley, Georgia (Physical Address)
CRIME PREVENTION TIPS

Robbery

Robbery is the attempt to obtain money, personal belongings (i.e. smartphones, tablets) or property by the use of force or the threat of force. Because of the potential for personal injury during a robbery, do not try to be a hero. Hand over your property quickly and quietly. If possible, observe the criminal and make mental notes of the number of thieves present as well as their appearance, clothing, voice, nicknames used, personal items, identifying marks, peculiarities and weapons. Call the police immediately upon reaching a place of safety. These precautions can help you reduce your chances of becoming a robbery victim:
Walk confidently with your head up, and do not let your mind wander
Pay attention to those passing you and behind you
Do not take short cuts through unlit, sparsely travelled paths, tunnels or alleys
Do not wear a lot of flashy jewelry and carry as little cash as possible
Know that weapons are not allowed on campus, but if you carry a weapon off campus, there is a possibility it could be used against you
Park in well-lighted, well travelled lots

THEFTs FROM VEHICLEs
You can prevent many car break-ins by thinking ahead and following these suggestions:
Always remove the keys from your vehicle, lock all doors and roll up all windows, even if your stop is brief
Secure or remove all valuables from view, including items such as handbags, cell phones, loose change, clothing, textbooks, book bags, CDs, or even umbrellas
Never leave personal identification documents or credit cards in your vehicle
Park only in areas that are well-lit, or in attended parking lots or garages; parking in secluded or dimly lit areas makes your car an easy target

Bomb Threats
A bomb threat is a federal offense that carries serious penalties. FVSU is committed to identifying and prosecuting any individual calling in a bomb threat. Bomb threats are usually received by telephone. If you receive such a call, ask the following questions:
When is the bomb going to explode?
Did you place the bomb?
Where is the bomb located?
What does it look like?
• What is your address?
• What kind of bomb is it?
• What is your name?
• What will cause it to explode?

In addition, note the exact time of the call and write down exactly what the caller said. Try to describe the caller’s voice and listen for any background noise. Then notify the FVSU Police immediately by calling 478-825-6211.

**AVOIDING WORKPLACE VIOLENCE**

The university is committed to creating and maintaining a working, learning and social environment that is free from violence. Acts or threats of physical violence, including verbal abuse, harassment, terrorism, hate, prejudice, stalking, intimidation and/or coercion that involve or affect the Fort Valley State community will not be tolerated. Threats or acts of violence include conduct against persons or property that are severe, offensive, and create a hostile, abusive or intimidating work environment.

If you have experienced an incident that is affecting your study or work environment and are feeling overwhelmed and stressed, we encourage you to speak to your supervisor or the dean of your college immediately. You may also seek counseling and relief by contacting the Counseling Center or the FVSU Police.

**If someone is using abusive language or threatening you:**

Try to back away from the individual
Talk calmly
Use open body language
Don’t get upset or take it personally; afterwards, you should document the threat and report the threat to management or your dean
While the Fort Valley State University campus is a reasonably safe environment, crimes do occur. In addition to the Clery Act crimes statistics below, other common crimes that occur on campus are outlined below:

**Theft**

Theft is a common occurrence on college campuses. Oftentimes this is due to the fact theft is a crime of opportunity. Confined living arrangements, recreation facilities, and many open classrooms and laboratories provide thieves with effortless opportunities. Occupants of the residence halls often feel a sense of security and home atmosphere and become too trusting of their peers, while others leave classrooms and laboratories unlocked when not occupied for short periods of time.

It is important to be very vigilant when it comes to suspicious persons. Never leave items and valuables lying around unsecured. Doors should be locked at all times. The following is a list of suggestions to help you not fall victim of theft:

- Keep doors to residence halls, labs, classrooms locked when not occupied
- Don’t provide access to unauthorized persons in the buildings or classrooms
- Do not keep large amounts of money with you.
- Lock all valuables, money, jewelry, checkbooks in a lock box or locked drawer
- Keep a list of all valuable possessions including the makes, models, and serial numbers
- Take advantage of the Engraving Programs to have all valuables engraved with specific identifying marks
- Don’t leave laptop computers or textbooks unattended in labs or libraries, even if it is for a short period of time
- Don’t lend credit cards or identification cards to anyone
- Report loitering persons or suspicious persons to police immediately; don’t take any chances

**Identity Theft**

Identity theft is a crime in which someone wrongfully obtains and uses another person’s personal information in some ways that involve fraud or deception, typically
for economic gain. This personal data could be a Social Security number, bank account or credit card information.

Persons involved in identity theft often use computers or other forms of media to assist them.

There are measures you can take to prevent this from happening to you:

- Do not give anyone your personal information unless there is a reason to trust them and the release is for good reason.
- Never give your credit card information, date of birth, or other information over the telephone, unless you can confirm the person receiving that information.
- Complete a credit check frequently to assure there is no suspicious activity.
- Examine financial information often to assure all transactions are authorized and accounted for.
- Use of computer security software on computers and installation of firewalls are good.

**Annual Student Housing Fire Safety Report in Accordance with the Higher Education Opportunity Act**

Fort Valley State University’s fire safety policy and rules are intended to prevent fires and fire-related injuries and/or deaths from occurring or affecting the FVSU community and facilities. All FVSU buildings are inspected annually, and residential rooms are inspected periodically, at random times during the year, to ensure compliance with state fire codes. Because of the seriousness of the consequences that could result from failure to comply with codes and FVSU’s fire safety rules, FVSU takes disciplinary action on the first offense. This may include the imposition of a fine by the Housing Department. The Institution also has the right to require students who violate safety rules to vacate the ir accommodations — without financial credit for the remainder of the semester. The FVSU Department of Campus Police and Safety maintains reports of all Fires and/ or Fire Drills and Prevention efforts for the University. The Department’s Admin Secretary and Records Clerks annually review the same records computer database as well as actual reports as crime reporting in order to record that statistical data in compliance with Clery rules and within the ASR. Because Campus Police investigates fires as well as criminal activity all fire calls are documented on the same daily activity log as crime.
Fire Safety Standards

Prohibited Behaviors in FVSU Residential Facilities

- Misusing or tampering with fire-safety equipment. This includes, but is not limited to, fire extinguishers, hoses, horns, bells, conduit sections, alarm-pull trigger devices, fire sprinklers, central-relay control bases, and glass covers for fire extinguishers, as well as pulling false alarms.
- Obstructing hallways, sidewalks, or stairwells that might impede evacuation from a building during an emergency.
- Propping open interior fire doors in common areas, stairwells, and hallways. Those are in place for added fire protection to slow the spread of fire.
- Storing bicycles in stairwells or any other location that might impede evacuation from a building during an emergency.
- Possessing chemicals or substances that are potentially dangerous or highly flammable. This includes, but is not limited, to gasoline, propane, lighter fluid, torches, etc.
- Leaving food cooking unattended.
- Failing to vacate the building when the fire alarm system is activated.

Open Flames

- Candles, incense burners, and other open flame devices are strictly prohibited.
- Using items that are potentially dangerous and/or flammable, including fireworks, hazardous materials, etc., is also prohibited.

Smoking

- Smoking is prohibited in all residence hall areas (rooms, apartments, suites, common areas, lobbies, lounges, stairwells, elevators, activity/recreation rooms, bathrooms, etc.).
- Smoking is also banned on all University property and buildings at every University System of Georgia Institutions.
Fire Safety Inspections

The FVSU Fire Safety Office located within the Department of Campus Police and Safety conducts yearly fire inspections in the residence halls within the first month of each semester, checking rooms for fire or unusual safety hazards and to ensure compliance with the following:

- No halogen-touchier lights. The intense heat generated by these bulbs creates a fire hazard and a potential source of burns. These bulbs start fires if they come in contact with curtains, clothes, paper, and other flammables. In addition, the lamps are unstable and can be easily tipped over.
- No overloaded electrical circuits. There can be only one major appliance (such as a refrigerator, TV, computer, microwave, etc.) per receptacle plug.
- No hanging of items from overhead lights, sprinkler heads, or pipes. No attachments to the ceiling.
- Immediate and proper disposal of appliances with old or damaged cords.
- Use of electrical appliances that meet the Underwriter’s Laboratory (UL) or Electrical Testing Labs (ETL) safety standards.
- No removal of grounding pins from three-pronged electrical cords.
- No unattended operating of coffee makers and other appliances with exposed heating elements. They must be unplugged after each use and stored appropriately.
- No running of cords under carpet. Avoid stapling or tacking electrical wires to fixtures (on walls, over doorways, on ceilings, etc.).
- No open-element hot plates.

Regular Mandatory Supervised Fire Drills

Fort Valley State University’s Residential Life Department, in conjunction with the FVSU Fire Safety Office and the FVSU Police Department, conducts emergency evacuation drills each year. These drills are conducted within 10 days of the beginning of classes each semester. During this past year there were a total of 62 fire drills conducted University wide. During fire evacuation drills, each fire alarm system in each on-campus student housing facility is activated. Once the alarm has been
activated, students and visitors must exit immediately and gather at the designated evacuation safe refuge location. A sweep of all floors and a head count is conducted by a Residential Life representative and FVSU police officer. Only when the alarm is silenced and the FVSU police officer or local authority gives the “all clear,” will re entry into the building be permitted. Students who do not vacate the building when a fire alarm is activated may be subject to judicial action. Residential Life RLC’s and RA’s receive classroom and hand-on training in the following areas: Fire extinguisher use, Evacuation and emergency preparedness, Kitchen fire safety, Life safety systems, FVSU Fire Safety Rules and Fire Inspection program.

Note: For these drills only, the fire alarm system is reset by the Fort Valley State University Fire Safety Office.

Fire Protection Systems

Fire Alarm Systems/Initiation and Pull Stations
Fire alarm pull stations are generally located at exit doors, stairways, and at elevators in FVSU residential facilities. Once the alarm is activated, the Fort Valley State University Police Communications Center automatically receives the signal and responds by contacting FVSU Police and the Fort Valley Fire Department.

Smoke Detection
Smoke detectors are located throughout each floor of every residential facility on campus. If smoke is detected, the fire alarm system will automatically send a signal to the central station monitor.

Sprinkler System
Sprinkler heads must not be tampered with or used as a means to hang personal items. This could cause malfunctioning of the system or substantial water damage if one of the heads accidentally discharges. These sprinklers disperse 25 to 40 gallons per minute. The rise of temperature associated with fire in an area will activate the sprinkler system and send an alarm signal to the central station monitor. Currently, 90 percent of FVSU housing beds are covered by sprinkler protection. Future renovation project plans will accomplish 100 percent sprinkler coverage. Future renovations or demolition are projected for Josie Hall which was built in the 1970’s which will increase the percentage to 100.
Fort Valley State University is not responsible for any loss a student may incur as a result of tampering with sprinkler heads. A resident who knowingly or accidentally causes a sprinkler to activate may be charged for the repairs/cleanup and may be subject to judicial proceedings.

Note: *It is against federal and state laws to tamper with or interfere with life and safety equipment. Destroying fire exit signs, fire alarm boxes, and other safety items could lead to disciplinary action, and the resident may be charged for the repairs/cleanup.*

*Evacuation Plans*

*General Procedures*

If smoke or a fire is discovered, the fire alarm must be activated immediately. Exit through the nearest door or stairway and proceed to the designated safe refuge area. If the nearest exit or exit stairwell is obstructed by smoke, fire, or other hazards, proceed to an alternate exit or exit stair- well. Do not use elevators. Once assembled outside at the Emergency Evacuation Assembly Point, Residential Life RLC’s and RAs will account for all occupants and communicate with first responders if anyone is not accounted for and provide other information vital to safety and rescue. Building occupants shall not reenter the building until the Authority Having Jurisdiction gives the “all clear.”

*Reporting Fire*

To report a fire, students, employees, or visitors should call 911 or the Fort Valley State University Police Communications Center at (478) 825-6500 from any campus landline. Alternatively, callers can dial (478) 825-6304 from a cellphone. Either option will ensure the quickest response and will also ensure that other Fort Valley State University personnel, as appropriate, are notified.

Additional protection is provided by University Campus Police Officers who are trained for initial response to fire incidents occurring at University facilities. Officers provide assistance in building evacuation and extinguishment/containment of small fires.

A Special Response Mobile Unit is available to Campus Police Officers at the University for response to emergencies. The mobile unit provides equipment and protective
equipment for Officers to extinguish and control small fires involving ground cover, outdoor trash receptacles and other non-structural type fires.

In addition, laboratory safety and evacuation plans are also part of the Environmental Health and Safety mission. EHS is dedicated to maintaining the safety of our community by conducting annual inspections, plan reviews, and evacuation drills are in all laboratories on campus.

Fire Safety Education and Training Programs for Students, Faculty and Staff

The University’s Fire Safety Officer in collaboration with Environmental Health and Safety (EHS), in coordination with Residence Life and Housing and Food Service, provides annual training to Resident Assistants (RA) and Residence Life Coordinators.

 Topics addressed during this training include:

- Fire prevention in the residence hall
- What to do in the event of a fire
- How to report a fire or other emergency
- How residence hall fire safety systems operate
- Resident Assistants and Residential Life Coordinators coordinate additional fire safety training and education programs for residence hall students, especially during and after fire drills.
