V. Policy

Relocation expenses and payment options should be negotiated with the new employee during the hiring process. The letter of offer must define the maximum amount. It is important to inform the new employee that applicable taxes are withheld for "non-qualified" expenses as defined in the policy. The letter of offer should specify the payment option (direct payment or reimbursement). The new employee must sign a relocation and moving expenses agreement.

VI. Process/Procedures

Funding:

Funds for relocation expenses should be available in the department budget. If insufficient funds are in the department budget, a request for additional funds should be submitted to the Chief Business Officer as a budget amendment request. Funding will be contingent upon the current budget availability of the institution as a whole.

When the University provides moving and relocation expenses from state or local funds, the amount is dependent upon the position and funding availability. To be eligible to receive moving and relocation expense reimbursement, the position to be filled must either be a full-time faculty line, or an administrative level position. Moving and relocation expenses must not exceed one-twelfth of the new person’s annual salary or one-ninth of the new person’s academic year salary rate. Any exceptions to position eligibility or the amount to be provided requires approval from the Vice President for Academic Affairs and the Chief Business Officer, in consultation with the Director of Human Resources. IRS guidelines should be reviewed at the time of any incurrence of relocation expenses to determine applicable guidelines.

Eligibility:

In order to attract the best faculty and staff possible, Fort Valley State University should be competitive in the employment offers it makes. The President or Chief Business Officer must approve the relocation expenses.

To be eligible for reimbursement, the employee's relocation must meet all of the following conditions:

1. **Availability of Qualified Applicants.** The University must ascertain that the new employee is the best qualified applicant or State employee available to fill the position.
2. **At the Institution's request.** The relocation must be at the request of the University and for the good of the State as determined by the President or Chief Business Officer. Expenses will not be paid when the move is at the request of, or for the convenience of, the employee.
3. **Distance.** The distance between the employee's new work location and the former residence must be 50 miles greater than the distance between the employee's old work location and the former residence. The employee's commuting distance must have increased by at least 50 miles one way.
4. **Regular.** The employee must be reasonably expected to work on a regular full-time basis for at least 1 year, commencing on the date that the employee starts work on a regular basis at the new location.

Note: If the **employee's spouse** is a State employee and otherwise eligible for moving and relocation expenses, reimbursements of any such expenses will be paid to one employee only and to move the primary household only to the new location.

Reimbursement of expenses, defined as "qualified" and "non-qualified" in accordance with current IRS regulations, may be made. Reimbursement of non-qualified expenses is subject to withholding of applicable income and employment taxes. Reimbursements of qualified expenses are reported on box 12 of the employee's Form W-2. These payments will be submitted and processed by Procurement.

If payment is made directly to vendors on behalf of the employee, all State of Georgia purchasing regulations apply.

Lump Sum Payments

FVSU may, upon request and with approval of the President or designee and VP for Business & Finance, make a lump sum payment for relocation expenses for positions that have a direct reporting relationship to the president. This form of payment is provided as an option due to the difficult nature of recruiting for these high level positions, and the expense and complexity associated with relocations at this level. Any other position for consideration requires presidential approval. In order to be considered, these other position(s) must carry one of the following titles: Vice President, Associate/Assistant Vice President or Vice Provost, Dean, and employees formally appointed to a "Chief" officer position, with such "Chief" appointment being confirmed in writing. Tax Implications: FVSU follows the non-accountable plan which means expenses will be paid as a taxable lump sum. Individuals receiving the benefit of a lump sum relocation expense payment should consult a tax professional with all personal income tax implications and questions.

Process for Payment of Expenses

A. Employee responsibilities

Notify the Office of Human Resources whether direct payment or reimbursement method will be requested.

In accordance with IRS guidelines, receipts must be submitted within sixty (60) days of completion of the move to be considered as qualified, nontaxable moving expenses. Expenses submitted for reimbursement after sixty (60) days will be considered taxable income.

Relocation Expenses Agreement

To be reimbursed for moving and relocation expenses, the employee must execute this Agreement prior to incurring any expenses.

- The employee must remain employed on a full-time basis for at least one year (twelve months), commencing on the date that the employee starts work at the University. For faculty appointed on an academic year basis, one year is defined as two (2) concurrent regular academic sessions of fall and spring or spring and fall semesters equal to nine (9) months of employment.
- If the employee fails to remain employed for the obligated one year of service, the hiring department is required to immediately notify the Payroll department so that agreed upon deductions can be processed in a timely manner against remaining payroll payments. If payroll deduction of these expenses cannot be achieved, the employee will refund to the University the gross amount of moving and relocation reimbursed directly to the employee as well as the gross amount of any payments made for the benefit of the employee to third parties. Unsuccessful efforts to collect the refund after thirty (30) days from the employee will be referred to the University Accounts Receivable Department for further collection efforts including referral to an outside collection agency if needed. Refunds collected through payroll deduction or directly from the employee will be returned to the original funding source(s). Failure to repay these expenses as agreed due to the breach of contract may result in legal action being taken against the employee. As part of this agreement, the employee agrees to pay all collection costs including attorney fees and other charges necessary for the collection of any amount due to the University.
- Repayment of relocation and moving expenses by employees who do not remain employed for a full year may be pro-rated or waived if the University employment is terminated for reasons beyond the employee's control and found acceptable to the University. Any such waiver must be approved in writing by the employee's Dean or Vice President and in the case of relocation and moving budgets of \$10,000 or more, by the President or designee.
- The IRS requires employees to work full time for at least thirty-nine (39) weeks during the first twelve (12) months after relocating in order to claim appropriate payments/reimbursements as non-taxable. Failure to meet this rule results in the employee reporting all relocation payments/reimbursements as taxable income.

I, _____, have read the relocation expense policy and agree to the terms as outlined in this Relocation Reimbursement Agreement.
